Specific information for Region support is provided below.

Condition

The supply of Smart Keys available for Toyota vehicles has been temporarily limited to one (1) on select models since October 2022 due to global semiconductor shortages impacting certain microchips. Affected vehicles have been delivered with only one Smart Key and a second mechanical key.

Dealer Notification

The attached dealer letter will be sent to all Toyota dealers on December 21, 2023 notifying the dealers that the remedy for phase 5 vehicles has launched.

Important Information for Regions

Note that a nominal price of \$0.01 has been set for the second key given that the customer already paid for the value of the second Smart Key when they purchased their vehicle. Dealers are being reimbursed 0.4 labor hours for the delivery of the second key which includes administrative aspects of delivering the second key such as ordering and storing parts. Dealers are encouraged to determine appropriate accounting methods for their individual business for each department of the dealership considering this reimbursement plan.
