

SSM 52180 2024 Bronco (Non-Raptor) - Trailer Tow Package Only Available As Dealer Installed Option

2024 Bronco (non-Raptor) vehicles will not come from the factory with a pre-installed trailer tow package that includes a 2 in. (50.8 mm) trailer hitch, a 4+7 pin electrical connector and supporting software updates. The trailer tow package for the 2024 Bronco (non-Raptor) will only be available as a Ford Accessory Dealer Installed Option (DIO) (service part number VP2DZ-15A416-B). When ordered, the DIO trailer tow package will ship to the dealership that will receive the vehicle so that installation can occur prior to customer delivery. Labor is included with the cost of the Ford Accessory DIO trailer tow package and must not be charged to Ford through warranty.
