

SSM 52192 2023-2024 F-Super Duty - 6.7L - Fuel Injector O-Ring Kit Now Available For Service

Some 2023-2024 F-Super Duty vehicles equipped with a 6.7L engine may require fuel injector removal and replacement for various reasons. Fuel injector o-ring and supply tube kits LC3Z-9229-A and LC3Z-9229-B for 2020-2022 F-Super Duty vehicles should be utilized when instructed to replace these parts in Workshop Manual, Section 303-04. The parts catalog is in the process of being updated.
