Subject: Sharing Steering Maintenance Information for your Blue Bird Fleet

Models Affected: Model Year: Certain 2016-2020
Model: Vision School Bus and Non-School Bus

Dear Blue Bird Customer:

We hope this letter finds you well. We appreciate your continued trust in our services, and we thank you for having Blue Bird buses in your fleet. As part of our commitment to ensure the optimal performance and longevity of steering system in Blue Bird vehicles, we are pleased to share with you our latest maintenance document.

Enclosed please find a Steering System Maintenance and Lubrication document. This enclosed document provides detailed insights into scheduled maintenance procedures, recommended service intervals, and essential care guidelines specifically tailored for Blue Bird Steering systems. Blue Bird aims to empower you with the necessary information to enhance the efficiency and reliability of your fleet.

We encourage you to review the maintenance document thoroughly and share it with your maintenance team. Please feel free to reach out to your local Blue Bird Dealer, if you have any questions or require further clarification on any aspect of these guidelines.

We value your partnership and are dedicated to provide the highest level of support to ensure your Blue Bird buses operate at their peak performance.

Thank you for choosing Blue Bird buses for your transportation needs.

Best Regards,

Blue Bird Corporation
