ALLISON TES 295/TES 668 USAGE IN ISUZU VEHICLES

AFFECTED VEHICLES

- 2018 MY to current Isuzu FTR/FVR Vehicles and
- 2022 MY and 2024 MY to current Isuzu NQR-Gas and NRR-Gas Vehicles*
Equipped with an Allison transmission

This bulletin supersedes bulletin IB24-K-001A, which is being revised to update content. Please discard previous bulletin IB24-K-001A.

INFORMATION

Allison recently announced a new transmission fluid: TES 668. While Allison asserts this fluid is interchangeable with TES 295 for its transmissions, it is NOT interchangeable for all Isuzu vehicles. It is important to note that 2018 to 2023 Isuzu F-Series vehicles must **USE ONLY** the original TES 295 fluid. See Table 1 below for the correct application of TES 295 and TES 668 transmission fluids.

Refer to the applicable Workshop Manual for additional information.

Model Year	Model	Fluid
2018 - 2023	FTR/FVR	Use TES 295 <i>Only</i>
2024 to current	FTR/FVR	TES 295 and TES 668 are interchangeable
2022	NQR-Gas/NRR-Gas	TES 295 and TES 668 are interchangeable
2024 to current	NQR-Gas/NRR-Gas	TES 295 and TES 668 are interchangeable

Table 1

* There were no 2023 MY Isuzu NQR-Gas or NRR-Gas vehicles.
