Title: S13 Integrated Operational Behavior

Applies To: All S13 Integrated Product

CHANGE LOG

Please refer to the change log text box below for recent changes to this article:

01/30/2024 - Initial Article Release

DESCRIPTION

With the introduction of the new S13 Integrated Powertrain, there are some new operational characteristics that may be experienced compared to previous product. G Letter DYK-0137 was released to provide a resource with answers to the most commonly asked questions in an effort to avoid any concerns or unnecessary service visits.

Some of the current topics in the "Did You Know" G Letter DYK-0137 include:

- Understanding engine oil pressure variations
- Understanding Idle RPM variations
- Low RPM Cruise
- Aftertreatment design features

New topics will be added regularly as needed. Please select the link below to access the G Letter.
