Information

Important: Service agents must comply with all International, Federal, State, Provincial, and/or Local laws applicable to the activities it performs under this bulletin, including but not limited to handling, deploying, preparing, classifying, packaging, marking, labeling, and shipping dangerous goods. In the event of a conflict between the procedures set forth in this bulletin and the laws that apply to your dealership, you must follow those applicable laws.

If during diagnosis a vehicle is determined to need a purge pump, due to a supplier shortage, parts may not show available.

New temporary part replacement strategy – Any one of the purge pump part numbers below can be used (as all the pumps are the same) however, you must remove the bracket on the new pump and re-install the original vehicle pump bracket on the new part. Refer to *Evaporative Emission Canister Purge Pump Bracket Replacement* in SI.

Parts Information

Refer to the GM Global EPC (Electronic Parts Catalog) for the correct purge pump part numbers based on the vehicle build information.
