STOP DELIVERY ORDER

Effective immediately, we have elected to stop the delivery of certain 2024 model year Chevrolet Colorado and GMC Canyon vehicles.

The subject vehicles cannot be delivered or sold until further notice.

The Investigate Vehicle History (IVH) screen in the Global Warranty Management (GWM) system will be updated as "Stop Delivery" Type and VIN Status as "Incomplete Remedy Not Available" on February 19, 2024. The attached file includes the initial list of affected VINS. It is important to check the IVH screen in the GWM system to determine which vehicles are involved as the list or status may change.

We will communicate a follow up GlobalConnect message in the near future once all involved VINs are released from this stop delivery order.
