

2021- 2023 MY MACH E
(ECG)
FPU 24-PU0102-CHG-SUFY

What's In This Update?

Vehicle will be unavailable during this update.

[View details](#)

Priority Update - Powertrain

Streamlined Charging and Diagnostics

- Your latest update brings you more efficient charging by intelligently managing power at low-capacity stations.
- The vehicle's diagnostic capabilities have also been refined, offering more robust fault detection and communication with onboard modules.

Software updates are designed to help make your vehicle better over time.
