Check Campaigns/Actions screen in Elsa on the day of repair to verify that a VIN qualifies for repair under this action. Elsa is the only valid campaign inquiry & verification source.

- ✓ Campaign status must show "open."
- ✓ If Elsa shows other open action(s), inform your customer so that the work can also be completed at the same time the vehicle is in the workshop for this campaign.

**About this Service Action:**

Audi is providing an updated 220V/240V charging unit cable and a compact/portable charging system software update for vehicles included in this service action.

**IMPORTANT! If Safety Recall 93U6 or Safety Recall 93U8 shows open in ELSA on the day of repair, dealers should perform the safety recall work and this service action during the same service visit.**

**Code Visibility**

On or about March 21, 2024 the campaign code will be applied to affected vehicles.

**Owner Notification**

Owner notification will take place in March 2024. Owner letter examples are included in this bulletin for your reference.

**Campaign Expiration  
Date**

This campaign expires on **March 21, 2029**. Work must be performed on or before this date to be eligible for payment. Keep this expiration date in mind when scheduling customers for this action. If a customer wishes to have this work performed after the expiration date, your normal costs associated with this work will apply.

**Additional Information**

**Please alert everyone in your dealership about this action, including Sales, Service, Parts and Accounting personnel. Contact Warranty if you have any questions.**

Dealers must ensure that every affected inventory vehicle has this campaign completed before delivery to consumers.

**Subject: Service Action 93R3 - Compact/Portable Charging System Cable (220V/240V) & Software Update**

Dear Audi Owner,

As part of Audi's ongoing commitment to customer satisfaction, we are informing you of our decision to conduct a service action on certain 2019-2024 model year Audi vehicles. Our records show that you are the owner of a vehicle affected by this action.

### **About this Service Action:**

Audi is providing an updated 220V/240V charging unit cable and a compact/portable charging system software update for vehicles included in this service action. This work will take about an hour to complete and will be performed for you free of charge. Please keep in mind that your dealer may need additional time for the preparation of the work, as well as to accommodate their daily workshop schedule.

### **What should you do?**

In order to limit any possible inconvenience, please contact your authorized Audi dealer as soon as possible to schedule this work. For your convenience, you can also visit [www.audiusa.com](http://www.audiusa.com) and click on the "Find a Dealer" link to locate a dealer near you and schedule this service.

To ensure your dealer can perform the work described in this letter, you must bring your vehicle's complete compact/portable charging system kit with you to your repair appointment, including all charging cables that belong with it.

### **Additional information:**

- This service action will be available for you **free of charge only until March 21, 2029**. If you wish to have this service performed after that date, your dealer's normal costs associated with this repair will apply.
- If you are the lessor and registered owner of the vehicle identified in this action, please forward this letter immediately via first-class mail to the lessee within ten (10) days of receipt.
- If your authorized Audi dealer fails or is unable to complete this work free of charge within a reasonable time, if you have changed your address or sold the vehicle, or if you should have any questions about this communication, please contact Audi Customer Experience at 1-800-253-2834 or via our "Contact Us" page at [www.audiusa.com](http://www.audiusa.com).
- To check your vehicle's eligibility for repair under this or any other recall/service campaign, please visit the Recall/Service Campaign Lookup tool at [www.audiusa.com](http://www.audiusa.com) and enter your Vehicle Identification Number (VIN).

We apologize for any inconvenience this matter may cause; however, we are taking this action to help ensure your vehicle continues to meet and exceed your expectations.

Sincerely,

Audi Customer Protection

## Repair Overview

- Update portable charger software.
- Supply a new 220/240V charge cable.

### NOTE

- These repair instructions may differ from the labor operations and labor times listed in ELSA.
- Damages resulting from improper repair or failure to follow these work instructions are the dealer's responsibility and are not eligible for reimbursement under this action.
- This procedure must be read in its entirety prior to performing the repair.
- Due to variations in vehicle equipment and options, the steps/illustrations in this work procedure may not identically match all affected vehicles.
- Diagnosis and repair of pre-existing conditions in the vehicle are not covered under this action.
- When working during extreme temperatures, it is recommended that the vehicle be allowed to acclimate inside the shop to avoid temperature-related component damage/breakage.

**EXAMPLE**

- Enter the VIN in Elsa and proceed to the “Campaign/Action” screen.

#### TIP

On the date of repair, print this screen and keep a copy with the repair order.

- Confirm the Campaign/Action is open <arrow 1>. If the status is closed, no further work is required.
- Note the Applicable Criteria ID <arrow 2> for use in determining the correct work to be done and corresponding parts associated.

#### CRITICAL REPAIR STEP

 **STOP!** 

If multiple software update Campaign/Actions are open, they must be performed in order of the Start date <arrow 3>. The oldest should be performed first.

- **All Safety Recalls must be completed prior to completing this campaign.**
- **Proceed to Section B.**

## Section B – Update Portable Charger Software

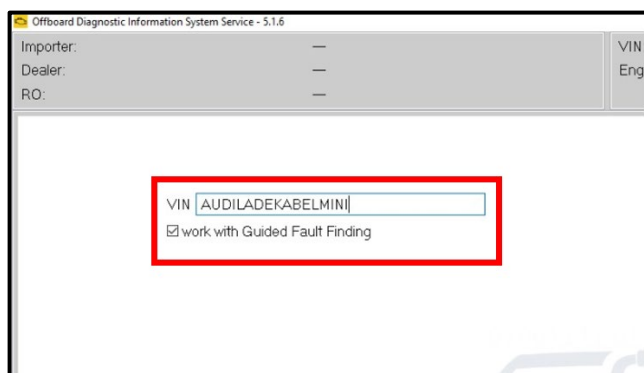

- Using the VAS611009, establish a connection between the Diagnostic Tester and the Mobile Charger -E943-.
- Additional information on the setup can be found in the ELSA Repair Manual:
  - *Repair Manual > Motor > Electric Drive Motor > 93 Electric drive > Charging Socket > e-tron Charging System Diagnostic*

### ! NOTE

The 110V cable (P88) from the vehicle's portable charging system kit will be required to power the portable charger during the software update process.

- Enter **AUDILADEKABELMINI** in the VIN field populated in ODIS.
  - Ensure “work with Guided Fault Finding” is checked.
- 
- An error may occur during VIN identification. Press “OK” <arrow> to continue.
