How do I connect to the Alexa cloud?

CONNECTING TO THE ALEXA CLOUD
 To stream music and media* and to ask Alexa to search the internet, an activated Connected Services account OR a tethered connection to a mobile Wi-Fi hotspot is required.
 * May require Amazon Premium account

**OPTION 1
 UTILIZE MAZDA CONNECTED SERVICES**

- Download the MyMazda app via the [Apple App Store®](#) or [Google Play Store™](#)
- Register for a MyMazda account.
- Add your Mazda vehicle to your MyMazda account
- Activate Mazda Connected Services. [Click here](#) for more details.

When connected via Mazda Connected Services, music streaming via Alexa is unavailable.

Alexa Built-in cloud services are available for the duration of your Mazda Connected Services 3-year free trial; you can choose to subscribe to Connected Services after the trial period concludes.

**OPTION 2
 TETHER TO A MOBILE WI-FI HOTSPOT**

- Navigate to the **Settings** menu in Mazda Connect™
- Select **Connectivity Settings**
- Select **Wi-Fi Client Settings**

CONSUMER NOTICE: The information and instructions in this bulletin are intended for use by skilled technicians. Mazda technicians utilize the proper tools/ equipment and take training to correctly and safely maintain Mazda vehicles. These instructions should not be performed by "do-it-yourselfers." Customers should not assume this bulletin applies to their vehicle or that their vehicle will develop the described concern. To determine if the information applies, customers should contact their nearest authorized Mazda dealership. - Enable **Wi-Fi Client Mode** by selecting the checkbox.

- On your smartphone, **ensure your Wi-Fi hotspot is enabled.**
- On Mazda Connect™, select **Search for Available Wi-Fi Networks**
- **Select your hotspot and enter your password.**
- Select **CONNECT**

When tethered to a mobile Wi-Fi hotspot, all other Mazda Connect™ features that use Wi-Fi are unavailable. This includes wireless Apple CarPlay® and Android Auto™ and the vehicle's Wi-Fi hotspot. Additionally, when tethered to a smartphone Wi-Fi hotspot, all Alexa Built-in services will use the smartphone's data plan.

Can I use Alexa to set a navigation route using Apple Maps, Google Maps, Waze?

No, Alexa will not interface with Apple CarPlay / Android Auto

How do I adjust Alexa Built-In settings?

SETTINGS AND PREFERENCES

The "Alexa Settings" menu in Mazda Connect™ is your central hub for adjusting your Alexa Built-in settings and preferences.

1. From the main Mazda Connect™ home screen, select Settings.
2. Scroll and select Alexa Settings.
3. Within the Alexa Settings menu, select Settings.

In the Settings menu, you can select your preferences from the following:

- **Communication:** Pair a device to enable calling contacts with Alexa.
- **Alexa Hands-Free:** Alexa responds any time you say "Alexa." If Alexa Hands-Free is OFF, Push-to-Talk must be ON to use Alexa.
- **Push-to-Talk:** Assign Alexa to the voice button on your steering wheel. If Push-to-Talk is OFF, Alexa Hands-Free must be ON to use Alexa
- **Do Not Disturb:** Disables Alexa notifications.
