

2021-2022 MY F150
(PCM)
24-PU0226-SAPT

What's In This Update?

Priority Update - Dashboard

Enhanced Vehicle Monitoring

- Your truck now more effectively manages dashboard alerts to highlight only what's essential, especially after software updates, which can help you enjoy a more focused and distraction-free driving experience.

Software updates are designed to help make your vehicle better over time.
