This Notice applies to your vehicle VIN listed above.

Dear Forest River Customer:

Forest River is alerting you to a Ford Recall 23S48, 23V598 involving certain 2022-2024 Coachmen Beyond Class B Motorhome Recreational Vehicles. Please see the information below which describes the issue and provides you with details on the steps you should take to have your vehicle repaired.

WHAT IS THE ISSUE?

You may intermittently experience a rear camera blue or black image on the SYNC screen when the vehicle is placed in reverse or when the 360-degree view is selected and available (during low-speed operation). Once displayed, the rear camera blue or black image may persist for the remainder of the ignition ON cycle. Once present, the issue is likely to reoccur on subsequent key cycles. See attachment for further information. The loss of the rear camera image, while in reverse, increases the risk of a crash.

OWNERS AND DEALERS: WHAT SHOULD YOU DO?

The remedy for this recall is now available. Please review and follow the notice that accompanies this letter.

Sincerely,

Forest River Inc.
