Dealers can identify which models were produced with one (1) Smart Key and which phase a vehicle belongs to using the chart below.

Example: Guest has an LC produced in **December 2022**. Confirm the production date of the vehicle against the Start and End Production Dates in the table below to confirm if the vehicle was produced with one (1) Smart Key. If so, **check the color of the box** corresponding to the model and production month in the table below, and **compare to the Phase summary table to the left**. The box for LC produced in December has a dark green color which means it is part of Phase 1, which is currently estimated to be announced in June 2023.
