Background

American Honda Motor Co., Inc. (AHM) is searching for certain 2023-2024 HR-Vs with a customer complaint of the driver's side heater vent temperature not as hot as passenger's side vent temperature. Customer may also notice a clicking or popping noise when adjusting temperature. To better understand the cause of this condition, AHM would like to collect specific parts from the vehicle prior to your attempting a repair of any kind.

Qualifiers

AHM is interested ONLY if the vehicle meets the following requirements:

1. Must confirm that the temperature on the driver's side is lower than the passenger's side (if possible, make note of the temperatures).
2. Vehicle has not been involved in a collision.
3. No previous replacement of heater sub-assy (79106-3W0-X51) and motor assy (79150-TLA-A51).
4. No repair has been attempted for this issue.

Action Required

If a vehicle matching the qualifiers above comes into your dealership, please e-mail Technical Information & Support (TIS) at tis@ahm.honda.com or call us at 800-880-1072 (Monday-Friday, 7am-5pm PST). TIS will contact you to record certain vehicle information and provide you with further instructions.

Please be sure to include the following information in your e-mail.

E-mail Title:

1. Model Year (e.g. 2024)
2. Model Name (e.g. Accord)
3. Issue (e.g. Brake Judder)
4. VIN

E-Mail Body:

1. Dealer Number
2. Your Name
3. Best Phone Number to be Reached
4. Current Mileage
5. Confirm that the vehicle meets qualifiers #1-#4 listed above
6. DPTS #

As a gesture of appreciation to the dealer personnel who identify and report a vehicle that meets the qualifiers, is accepted as a candidate and is the subject of a successful Dealer Visit/Parts Collection/Info Collection, AHM will provide the referring dealer personnel with a **VISA gift card**. Technical Information & Support (TIS) will provide additional information if this situation applies.

Thank you.
