

WPR3 - Replacing Shift Paddles on Steering Wheel (Workshop Campaign)

Vehicle Type: **911 GT3 RS (992)**

Model Year: **As of 2023 up to 2024**

Equipment: Weissach package (M-no. 04I)

Concerns: **Shift paddles**

Cause: **Due to a temporary manufacturing error, shift paddles which do not meet the required specifications were installed on the steering wheels in affected vehicles.**
 This can be felt when shifting. In demanding driving situations, unwanted shifting cannot be ruled out.

Action: Replace the shift paddles on the steering wheel.

Affected Vehicles: Only vehicles assigned to the campaign (see also PCSS Vehicle Information).

Required parts

Parts Info:	Part No.	Designation – Location	Number
	V04015004LM5Q0	⇒ Black shift paddle (set)	1 piece
	N 90799102	⇒ Countersunk screw with internal serration, M18 x 1.5 x 18 – Steering wheel to steering column	1 piece

Required tool

- Tools:
- Torque wrench, 2-10 Nm (1.5-7.5 ftlb.), e.g., **V.A.G 1783 - torque spanner, 2-10 Nm (1.5-7.5 ftlb.)**
 - Torque wrench, 2-100 Nm (1.5-74 ftlb.), e.g., **9768 - electronic torque wrench, 2-100 Nm (1.5-74 ftlb.)**

- 4 Enter the campaign in the Warranty and Maintenance logbook.

Warranty processing

Scope 1: Replacing shift paddles on steering wheel

Labor time:

Replacing shift paddles on steering wheel

Labor time: **61 TU**

Includes: Remove and install steering wheel

Required parts:

V04015004LM5Q0	Black shift paddle (set)	1 piece
N 90799102	Countersunk screw with internal serration, M18 x 1.5 x 18	1 piece

⇒ **Damage number WPR3 066 000 2**

Important Notice: Technical Bulletins issued by Porsche Cars North America, Inc. are intended only for use by professional automotive technicians who have attended Porsche service training courses. They are written to inform those technicians of conditions that may occur on some Porsche vehicles, or to provide information that could assist in the proper servicing of a vehicle. Porsche special tools may be necessary in order to perform certain operations identified in these bulletins. Use of tools and procedures other than those Porsche recommends in these bulletins may be detrimental to the safe operation of your vehicle, and may endanger the people working on it. Properly trained Porsche technicians have the equipment, tools, safety instructions, and know-how to do the job properly and safely. Part numbers listed in these bulletins are for reference only. The work procedures updated electronically in the Porsche PIWIS diagnostic and testing device take precedence and, in the event of a discrepancy, the work procedures in the PIWIS Tester are the ones that must be followed.
