

## **SSM 52490 2024 Nautilus - 2.0L EcoBoost-Hybrid - Direct Fuel Injector Replacement**

On 2024 Nautilus 2.0L EcoBoost-Hybrid vehicles, if engine damage or drivability diagnosis leads to replacement of any direct fuel injector assemblies, replace all 4 direct fuel injectors along with other necessary repairs. Refer to Workshop Manual, Section 303-04B Direct Injection Fuel Rail Removal and Installation for the procedure on replacement of the direct injectors. Do not replace the port fuel injectors for this condition. Engineering is currently investigating this concern. Monitor OASIS for further updates.
