

SSM 52524 2023-2024 F-Super Duty - Power Steering System Leaks - Built On 22-May-2023 And Through 15-Dec-2023

Some 2023-2024 F-Super Duty vehicles built on 22-May-2023 and through 15-Dec-2023 may require repairs of the power steering system for various reasons. If repairing a power steering fluid leak at or near the power steering fluid cooler, a worm clamp (part number 376240-S100) can be used adjacent to the factory clamp in lieu of steering hose replacement for any power steering hoses affected by the repair.
