

SSM 52556 2024 Nautilus - Grunt Noise From Front Brakes During Initial Brake Applications

Some 2024 Nautilus vehicles may exhibit a grunt noise from the front brakes during initial brake applications that goes away after the brakes warm up. Lincoln is aware of the concern and a solution for this concern is expected by 3rd quarter 2024. Monitor OASIS for additional information and schedule service appointments for customers once the repair becomes available.
