

2022 MY EXPEDITION  
(TCU)  
TCU-24.2.3.3

Priority Update - Connectivity

Software updates are designed to help make your vehicle better over time.

TCU-24.2.3.3

1

Enhanced Vehicle Connectivity

- Your vehicle's connectivity system has been upgraded to enhance your navigation, entertainment, and software update experience, helping to provide a more seamless experience.
- The update includes improvements to the country code settings on your telematics module, helping to ensure correct connectivity configurations.
