

Service Bulletin

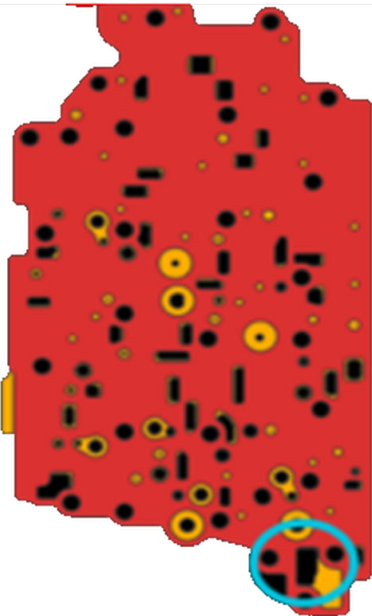

Bulletin No.: 24-NA-006

Date: May, 2024

INFORMATION

Subject: Information on Oil Level Control Changes and Compatibility on 2024 Traverse Limited 9 Speed Transmission

Brand:	Model:	Model Year:		VIN:		Engine:	Transmission:
		from	to	from	to		
Chevrolet	Traverse	2024	2024				M3V

Involved Region or Country	North America
Information	<p>Note: For 2024 vehicles with a 9-speed transmission not listed here, refer to TSB 23-NA-135.</p> <p>The purpose of this bulletin is to inform the service department personnel about an exception to the update of the GM 9-speed transmission fluid oil level control system (OLC). The purpose of the system is to store fluid in the side cover as the transmission warms up. The system used from the beginning of the 9-speed transmission thru 2023, consists of:</p> <ul style="list-style-type: none"> • Open passage spacer plate • Oil control on/off solenoid • Oil level control valve 2024 Traverse Limited will be carrying over this content. It should be serviced according to this TSB. Do not use TSB 23-NA-135 to service 2024 Traverse Limited.  <p>Note: Ensure that the spacer plate with the open passage is used for 2024 Traverse Limited. The valve body to transmission case spacer plate may be found to be covering the passage (item #456). When servicing the solenoid body or valve body, technicians must use new service kit for 9-speed transmission (M3V). The kit includes wiring harness, valve body, solenoid body,</p>

6557008

and spacer plates. These components are not released individually for this vehicle. The new valve body will have the correct spacer plate on it, however if using a spacer plate from the transmission overhaul kit use this bulletin to confirm the proper plate is used. Transmission quality concerns, including failure, can occur if the transmission is not serviced according to these instructions.

Important: Service agents must comply with all International, Federal, State, Provincial, and/or Local laws applicable to the activities it performs under this bulletin, including but not limited to handling, deploying, preparing, classifying, packaging, marking, labeling, and shipping dangerous goods. In the event of a conflict between the procedures set forth in this bulletin and the laws that apply to your dealership, you must follow those applicable laws.

Electronic Parts Catalog (EPC) in accordance with the vehicle VIN.
