- A remedy is available for your vehicle.
- Schedule an appointment with your authorized Mercedes-Benz Sprinter Dealer as soon as possible.
- This repair will be provided free of charge.

Dear Mercedes-Benz Sprinter Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG, the manufacturer of Sprinter vans, has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2023 Mercedes-Benz Sprinter vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

What is the issue?

On certain Sprinter vehicles, the routing of the main wiring harness might contact the drive shaft and chafe, which could result in a short circuit, loss of drive power, power steering, and brake control system. A short circuit increases the risk of a fire, and a loss of drive power, power steering, and brake system control increases the risk of a crash.

What will your Mercedes-Benz Dealer do?

As a precautionary measure, an authorized Mercedes-Benz Sprinter dealer will inspect the routing of the main wiring harness on the affected vehicles and reroute/correct it, if necessary.

This could take approximately 1 hour. This service will be provided **free of charge**. You may be asked for your 17-digit Vehicle Identification Number (VIN) which for your convenience is located above your name at the top of this letter.

Steps to take.

For additional information and to schedule an appointment, please contact your preferred authorized Mercedes-Benz dealer at your earliest convenience. To locate the nearest Mercedes-Benz dealer, visit <https://www.mbvans.com/en/dealers> or call 1-800-FOR-MERCEDES (1-800-367-6372).

Please mention you are scheduling an appointment to inspect the main wiring harness routing under **Recall Campaign #2024030019**.

If you have already paid to have this recall condition corrected, you may be eligible to receive reimbursement. Requests for reimbursement may include parts, labor, fees and taxes. Reimbursement may be limited to the amount the repair would have cost if completed by an authorized Mercedes-Benz dealer. Please see the following page for more information.

A VIN-based recall lookup tool on our website offers a search feature that will indicate whether a vehicle has been subject to a safety recall, and whether that vehicle has had the free remedy performed. Please visit www.mbvans.com/en/recall-information. Should you have any questions, please contact your authorized Mercedes-Benz dealer. We apologize for any inconvenience this may have caused and look forward to taking care of this important safety issue immediately.

Sincerely,
Mercedes-Benz USA
