

# WRJ5 Workshop campaign - Replacing cell block module or HVB (Accompanying campaign for APB5/ARA4/ARA5)

---

## WRJ5 Workshop campaign - Replacing cell block module or HVB (Accompanying campaign for APB5/ARA4/ARA5)

ID Number	WRJ5
Models	Taycan (Y1A/ Y1B/ Y1C)
Model Years	2021-2024
VIN List	Attached
Number of Affected vehicles	TBD - vehicles from ARA5 VAL evaluations are added as needed  This campaign includes at least the 719 vehicles assigned to APB5 and ARA4.
Issue Description	WRJ5 is only meant to pay for the US Porsche Center labor associated with shipping the HV Battery to EVBS for module replacement.  WRJ5 Warranty claims should include any parts replaced by EVBS, as well as the labor performed by the PC, and the sublet from EVBS for the work performed.
What Should Porsche Centers do?	Please reach out to your affected customers to have the remedy completed as soon as available.  <b>The APB5 Remedy is available from 6/14/24.</b> The Remedy for ARA4 and ARA5 (module replacement) is not yet available.
