

Acknowledgment of Tire Limitations - Not for Track Use

This Acknowledgment ("Acknowledgment") is made and entered into as of [Date] by and between [Dealership Name] ("Dealership") and [Client Name] ("Client").

WHEREAS, Client is purchasing a 202X Ferrari SF90 XX [Spider/Stradale] vehicle (VIN [number]) from Dealership (the "Vehicle"); and

WHEREAS, the Vehicle is currently equipped with Michelin XLTL Pilot Sport Cup 2 K1 tires that are not intended for track use (the "Tires").

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants contained herein, the parties agree as follows:

1. **Acknowledgment of Tire Limitations:** Client acknowledges and agrees that the Tires are not intended for track use. Track use refers to driving the Vehicle on a closed course in a manner that pushes the limits of its handling and performance capabilities.
2. **Risks of Track Use:** Client acknowledges and understands that using the Tires on a track may result in:
 - a) Reduced performance: The Tires may not provide the level of grip and handling expected for track driving.
 - b) Increased risk of tire failure: The Tires may be more susceptible to punctures, blowouts, and tread separation when used on a track.
 - c) Loss of vehicle control: Loss of vehicle control can occur due to reduced grip or tire failure, potentially leading to accidents and personal injury.
3. **Tires:** Client understands that Dealership will notify him/her when and if multi-purpose tires will be available for delivery to Client.
4. **Assumption of Risk:** Client assumes all risks and liabilities associated with using the Tires on a track.

IN WITNESS WHEREOF, the parties have executed this Acknowledgment as of the date first written above.
