**** Campaign Summary ****

Nissan has notified the National Highway Traffic Safety Administration (NHTSA) that it is issuing a Voluntary Safety Recall Campaign on certain 2024 Nissan Frontier vehicles identified in Service Comm and DBS National Service History.

Due to a supplier issue that has since been corrected, the Right Hand Headlamp may have a missing or illegible identification marking (Visually Optical Right "VOR") for headlight aiming. This condition does not comply with FMVSS 108 "Lamps, reflective devices, and associated equipment." Headlamps that are not aimed properly can result in insufficient illumination of the road while driving, which may increase the risk of a crash.

Dealers will inspect the right-hand headlamp for the presence and legibility of the "VOR" marking. If the marking is missing or illegible, dealers will replace the right-hand headlamp.

**** What Dealers Should Do ****

1. Verify if vehicles are affected by this Voluntary Recall using Service Comm or DBS National Service history – Open Campaign I.D. **PD121**
2. Dealers **must not sell, lease, trade, rent or loan** any vehicles in dealer inventory subject to this recall campaign until after the vehicle has been remedied.
3. Dealers should use **NTB24-042** to remedy any vehicles subject to this campaign.
4. Once repaired, dealers should submit the claim using the claims coding provided, and release the vehicle.

**** Release Schedule ****

**** Dealer Responsibility ****

It is the dealer's responsibility to check Service Comm or DBS National Service History using the appropriate Campaign I.D. for the campaign status on each vehicle falling within the range of this voluntary recall campaign, which for any reason enters the service department. This includes vehicles purchased from private parties or presented by transient (tourist) owners and vehicles in new vehicle inventory. If a VIN subject to this recall campaign was part of a dealer trade, the letter associated with that VIN should be forwarded to the appropriate dealer for service completion.
