

Technical Service Bulletin

SUBJECT: NEW MODEL FEATURES & SERVICE INFORMATION - 2025 OUTLANDER PLUG-IN HYBRID - REVISED			No: TSB-24-00-005REV
			DATE: August 2024
			MODEL: Outlander Plug-in Hybrid
CIRCULATE TO:	☐ GENERAL MANAGER	☒ PARTS MANAGER	☒ TECHNICIAN
☒ SERVICE ADVISOR	☒ SERVICE MANAGER	☒ WARRANTY PROCESSOR	☒ SALES MANAGER

This bulletin supersedes TSB-24-00-005 dated June 2024 to add new Battery Terminal Cover information (page 10). Revisions are italicized and indicated by ◀

PURPOSE

This bulletin contains important new model year service information and features for the **2025 Outlander Plug-in Hybrid** (U.S. models only). Review the details that follow to familiarize yourself regarding 2025 model year features and options. Refer to the 2025 Outlander Plug-in Hybrid Service Manual on MEDIC, MDL, or CD (p/n MSCD-027B-2025), and the Owner's Manual for details on these and other features.

AFFECTED VEHICLES

2025 Outlander Plug-in Hybrid

U.S. MODEL LINEUP

Model	Engine/Motor	Transmission/Drive System	Suspension
Outlander Plug-in Hybrid	4B12 2.4 L DOHC MIVEC/ Twin - AC Synchronous Permanent Magnetic Motor	Twin Motor Super All-Wheel (Control (S-AWC)	Front MacPherson Strut Suspension with Stabilizer Bar/Rear Multi-Link Suspension with Stabilizer Bar

SERVICE INFORMATION

See TSB-24-00-004 for 2025 Outlander Plug-in Hybrid Technical Specifications.

VEHICLE INFORMATION

Notable changes for 2025 Outlander Plug-in Hybrid are as follows:

- SEL trim receives standard feature enhancements such as Power Panoramic Sunroof and Heated Steering Wheel for 2025.
- SEL Touring Package has been removed for 2025.
- Platinum Edition SAM is continued in 2025 with all SEL features plus: Exclusive Paint Combination, Light Gray Leather Interior, Satin OUTLANDER Hood Emblem, LED Interior Lighting, Scuff Plates, Ground Illumination, Platinum Edition Badge, Head-Up Display and Bose Premium Audio w/9 speakers.
- SEL Black Edition (BE) carries over to 2025 with improvements: Black Roof Rails, Black Grill Molding, Black Bumper Trim, Black Dynamic Shield, Dark Chrome Window Molding, and Black Bumper Trim. SEL BE features a black version of our Ultra-Premium Interior Semi-Aniline Leather Seating surfaces with black and silver stitching.
- ES receives Front Heated Seats for 2025.
- ES Commercial Fleet offering tailor-made special trim for utility companies and other fleet opportunities are available for 2025.

UNDER THE HOOD

12V Battery Terminal access is easily accessible on the 2025 Outlander Plug-in Hybrid with a newly designed cover.

INTERIOR

The 2025 Outlander Plug-in Hybrid interior provides premium comfort and functionality. Some of the main feature points are:

Three-Zone Climate Control

Available Three-Zone Climate Control gives passengers the ability to control their comfort zones.

Power Panoramic Sunroof

The available power panoramic sunroof provides exposure to natural light.

Steering Wheel/Shift Panel

The leather shifter, leather wrapped steering wheel and leather wrapped heated steering wheel is available on certain models and provides comfort and style in the simple yet modern interior.

INTERIOR (Continued)

8-Way Power & Memory Seating

The available power seating with 8 options and available memory seat function key-linked to each driver, adjusts the environment to conform perfectly to your personal settings.

Leather Seating

Driver and passenger seats in Semi-Aniline Leather, available on some models, emphasize a premium high-quality feeling typically found in luxury vehicles.

Example: SEL Black Edition Interior

Seating/Cargo

Outlander Plug-in Hybrid provides three rows of seating allows plenty of room for up to seven.

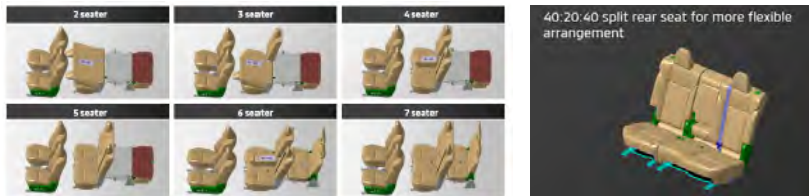

INTERIOR (Continued)

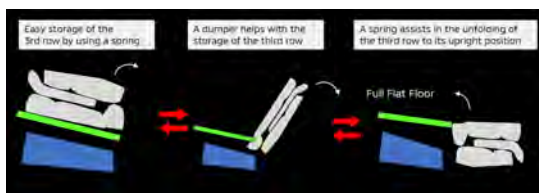

Seating/Cargo (Continued)

The third row has the same attention to detail that you'll find elsewhere in the cabin. Soft materials and pleasing textures for refined comfort.

Flexible cargo space can be arranged by various seat arrangements.

The 3rd row seats do not require headrest removal and are easier to operate due to the use of a spring and dumper.

The wide door configuration with 64.7 cubic feet of cargo space, makes loading and unloading almost effortless. Plus, the customizable seating arrangements help you organize your cargo, making every road trip that much easier.

PERFORMANCE

Regenerative Braking

The Outlander Plug-in Hybrid uses regenerative braking to convert kinetic energy into electricity to charge the battery. This system activates automatically when your foot is off the accelerator and can be manually controlled using the steering-mounted paddle shifters.

Plug-in Hybrid Systems

The fuel-efficient 2.4L MIVEC engine and twin electric motors shift between three drive systems, adapting to road conditions to provide extra power and versatility.

Save on gas with 100% electric, zero-emission driving. Switch to the EV system and power will come from the twin electric motors, while energy is sourced exclusively from the lithium-ion battery pack.

The EV Mode Selector Switch adds four more driving options so that the 2.4L MIVEC engine and twin electric motors work at maximum efficiency for every mile of the journey.

NORMAL MODE

For everyday driving or for those times when you're just bustling around town, select Normal mode so that the twin electric motors and the gas engine are working together in a well-balanced manner.

EV MODE

Perfect for driving through residential neighborhoods on your early morning commute. In EV Priority mode, the gas engine stops running and the twin electric motors kick in for a ride that reduces noise and vibration while using zero fuel consumption.

SAVE MODE

For highway cruising or driving in bumper-to-bumper traffic, Save mode is the perfect choice. The gas engine will fire up and preserve the remaining battery power as the vehicle operates in hybrid mode, saving the battery for less-congested residential areas.

CHARGE MODE

If you've been running on electric power for a few miles and want to recharge the battery as you drive, switch to Charge mode. This will fire up the gas engine and start charging the battery until it's nearly full.

SAFETY & SECURITY

Outlander Plug-in Hybrid comes with a suite of advanced safety features within the Multiple Standard, Integrated Advanced Driver Assistance Systems (ADAS) help to safeguard you and your passengers.

Lane Departure Warning

The Lane Departure Warning system continually monitors your current lane position and provides an audible and visual alert if it senses you might be unintentionally drifting.

Rear Cross Traffic Alert

Rear Cross Traffic Alert scans the area behind the vehicle for nearby objects while you're in reverse and will issue an audible warning immediately if it senses anything.

SAFETY FEATURES (Continued)

Forward Collision Mitigation with Pedestrian Detection

If a car or pedestrian is detected in front of you, Forward Collision Mitigation will let you know. If the brakes are not applied and the vehicle detects a risk of collision is imminent, the system will apply the brakes to stop.

Blind Spot Warning with Lane Change Assist

If another vehicle approaches a blind spot, Blind Spot Warning will flash a warning light in the corresponding side mirror. If you activate your turn signal indicator, an audible and visual alert will tell you it's not safe to change lanes.

TECHNOLOGY

Multi-view Camera System

The available Multi-View Camera System helps reduce blind spots. Multiple cameras around the vehicle create a 360° composite of the area around your vehicle, so you can see more of what's going on. You get a wide angle view, so you can park in tight spots with confidence.

My MITSUBISHI CONNECT™

My MITSUBISHI CONNECT™ is an innovative host of services that keeps you connected to your Outlander Plug-in Hybrid everywhere you go. When the app is downloaded to your smartphone, you can check your range, pre-set cabin temperature, and schedule your next charge. Safety services like Automatic Collision Notification, SOS Emergency Assistance, and Roadside Assistance keep you connected when it matters most.

MyQ®

Safely monitor and open or close your garage door from anywhere with seamless in-dash touchscreen control. Compatible with Android Auto™ or Apple CarPlay® and available with your My MITSUBISHI CONNECT™ subscription.

TECHNOLOGY (Continued)

Connectivity

Stay connected with the fully-integrated Apple CarPlay® and Android Auto™ to make and receive texts and phone calls while keeping your hands on the wheel and eyes on the road.

Center Display

The center display features a wide range of interactive options, like navigation and cabin temperature controls, as well as music and entertainment, at your fingertips.

WARRANTY

● Basic - 5 years or 60,000 miles
● Powertrain - 10 years or 100,000 miles (original retail purchaser only). 5 years or 60,000 miles to subsequent owners.
● Plug-in Hybrid Components - 10 years or 100,000 miles
● Main Drive Battery - 10 years or 100,000 miles
● Outer Panel Rust Perforation - 7 years or 100,000 miles
● Adjustments - 1 year or 12,000 miles
● Roadside Assistance - 5 years / unlimited miles
● Emissions - Refer to the Warranty and Maintenance Manual for coverage details.
