Information

Important: Service agents must comply with all International, Federal, State, Provincial, and/or Local laws applicable to the activities it performs under this bulletin, including but not limited to handling, deploying, preparing, classifying, packaging, marking, labeling, and shipping dangerous goods. In the event of a conflict between the procedures set forth in this bulletin and the laws that apply to your dealership, you must follow those applicable laws.

Internal service of the drive unit is not recommended at the present time. However, the following externally accessible parts are available to be replaced on the front electric drive unit assembly, which may also at times be referred to as a Transmission in various publications. If the part in question does not appear on this list, consider replacing the full drive unit assembly.
