

## **SSM 53047 2023-2024 Escape - Unable To Program IPMA**

Some 2023-2024 Escape vehicles may exhibit a condition where the image processing module A (IPMA) is unable to program with a message displayed in the Ford Diagnosis and Repair System (FDRS) scan tool indicating "Procedure Unsuccessful-Call Get Restore Invalid Hardware: RJ6T-14H107-BBB". The software programming routine has been corrected. Attempt to program the IPMA again using the latest software version of the FDRS scan tool and perform the appropriate IPMA alignment procedure.
