

Warranty Extension TXXQ: Airbag Control Unit (ACU) – Dealer Best Practice

October 17, 2024

Document Topic	Date
Technical Service Bulletin (TSB) 24-BE-014H Posted on Hyundaidealer.com under Service Tab > 'Hyundai Tech Info'	10/17/2024

Warranty Extension Description

Certain 2018-2020MY Accent (HC) and 2016-2018MY Tucson (TL) vehicles may experience inoperable Airbag Control Unit (ACU) and have Diagnostic Trouble Code (DTC) stored in the ECM.

Hyundai is extending warranty coverage for the airbag control unit (ACU) under this condition to 15 years/unlimited mileage from the date of original retail delivery or date of first use (whichever occurs first) and is valid for original and subsequent owners.

Affected Vehicles (Certain)

- 2018–19MY Accent (HC) vehicles produced from 09/01/2017 - 06/20/2019
- 2016–17MY Tucson (TL) vehicles produced from 05/19/2015 - 10/19/2017

Repair Process/Information

Follow the service procedure outlined in **TSB 24-BE-014H** (or latest version) to inspect the air bag control unit (ACU) and, if necessary, replace the ACU if a DTC fault code is found from the list provided in the TSB.

- Recommended Service Technician Training Level:** Hyundai Expert or above
- Recommended Classes Completed:** Four (4) module SRS web-based training series (SVCHSRS04EXAMW23_1407) in Hyundai Learning Portal (HLP) or equivalent.

Recommended Alternative Transportation

Service Rental Vehicle (SRC) should be provided to customers upon request. In addition, a SRC may be required based on the inspection/repair duration and any other additional work on the vehicle that may need to be addressed during customer's visit. If a SRC is not available, other options such as a 3rd Party Rental or Rideshare may be provided.

Other Notes/Recommendations

- If a customer arrives to the dealer with no appointment scheduled, it is recommended for the dealer to offer alternative transportation to the dealer while the vehicle is being inspected.
- Always inquire if the customer will have time for an additional service to be performed if they were originally scheduled for a different service.
- Offer SRC assistance for customers who may be pressed on time.
- Be honest with customers on wait times.
- If the service is taking longer than expected, update the customer.
- If you are unsure of certain processes, don't guess. Take time to familiarize yourself with the proper procedures or ask for help/clarity from your teammates or leadership.

Warranty Information

Please note that this is an **extended** warranty.

- If the affected part is still under factory warranty, submit as normal warranty.
- If the affected parts are out of factory warranty and within the extended warranty period (15 years/unlimited mileage from the date of original retail delivery or date of first use, whichever occurs first), submit as a campaign claim type using the applicable op code listed in **TSB 24-BE-014H** (or latest

Hyundai
Assurance Car Care

version).

- Dealers will be reimbursed for applicable labor for inspection and labor for ACU replacement & parts with applicable markup, if the ACU requires replacement.

Parts Information

Replacement ACUs are only needed if the vehicle is exhibiting a problem related to the condition as stated in **TSB 24-BE-014H** (or latest version) and confirmed to have a parts failure after inspection.

- Tucson (TL) – 95910-D3250
- Accent (HC) - 95910-J0000

Customer Talk Tracks

For Accent (HC) and Tucson (TL) customers inquiring about the warranty extension prior to dealership arrival:

“Certain 2018-2020MY Accent (HC) and 2016-2018MY Tucson (TL) vehicles may experience inoperable Airbag Control Unit (ACU) and have Diagnostic Trouble Code (DTC) stored in the ECM. Hyundai is extending warranty coverage for the airbag control unit (ACU) to 15 years/unlimited mileage from the date of original retail delivery or date of first use (whichever occurs first) and is valid for original and subsequent owners. If the inspection finds that the ACU needs replacement is required under certain conditions met, Hyundai will replace it free of charge.

For customers experiencing problems related to the conditions:

“If your vehicle experiences any concern(s) related to inoperable airbag control unit (ACU) such as the airbag warning light or the ACU not working, please reach out to your nearest Hyundai dealer for assistance and to schedule an appointment.”

Best Practice Checklist

Reservation: Did you check WebDCS for additional campaigns or recalls?

- ☐ Yes
- ☐ **No** – Please ensure all open campaign(s)/recall(s) are identified and completed by the dealership. Also ask customer if he/she would like to have any of the previous declined services performed.

Readiness: Are GDS tools available to perform the inspection?

- ☐ Yes
- ☐ **No**

Reception: Did the customer provide authorization to perform repairs?

- ☐ Yes
- ☐ **No** – Customer must be consulted and provide approval before proceeding with any repairs on their vehicle.

For affected outlined in **TSB 24-BE-014H** (or latest version), did you explain to the customer the expected inspection and repair time based on needing the repair?

- ☐ Yes
- ☐ **No** – Customer should be given an estimated time of when his/her vehicle is completed so the customer can plan the rest of their day away from the dealership.

Did you offer the customer Alternative Transportation if requested?

- ☐ Yes
- ☐ **No** - Customer should be offered alternative transportation if necessary. In addition, a SRC may be required based on the recall repair procedure duration and any other additional work on the

Hyundai
Assurance Car Care

vehicle that may need to be addressed during customer's visit.

Repair: Did you provide the customer with an eMPI?

- ☐ Yes
- ☐ **No**

Does the Technician meet the recommended training requirements (expert level or above) to complete this warranty extension?

- ☐ Yes
- ☐ **No** – Please ensure a technician with expert level (or higher) completes this repair.

Return: Did you get the customer's signature on all warranty lines in addition to the final RO?

- ☐ Yes
- ☐ **No** – Customer must sign the final invoice upon dealer delivery of the vehicle back to the customer.

Customer FAQs

Q1: What is the issue?

A1: Some Accent (HC) and Tucson (TL) vehicles may may experience inoperable Airbag Control Unit (ACU) and have Diagnostic Trouble Code(s) (DTC) stored in the ECM.

Q2: What are the affected vehicles?

A2: Affected vehicles include certain 2018-2020MY Accent (HC) produced from 09/01/2017 - 06/20/2019 and certain 2016-2018MY Tucson (TL) vehicles produced from 05/19/2015 - 10/19/2017.

Q3: What will be done during service at the dealer?

A3: Dealer will inspect the airbag control unit (ACU) and lookup any corresponding DTC(s) in the GDS. Inspection will be completed **at no charge** to the customer. If the Airbag Control Unit (ACU) is found to be inoperable and has applicable DTC(s) from the TSB, it will be replaced **at no charge** to the customer.

Q4: When will owners be notified?

A4: Owners are planned to be notified via First Class Mail in November 2024.
