	Zevo 600	2023	2024				
	Zevo 400	2024	2024				
Chevrolet	BrightDrop 400	2025	2025				
	BrightDrop 600						

Involved Region or Country	United States and Canada only.
Information	Front License Plate Installation
Instructions	Refer to the installation procedure below.

Important: Service agents must comply with all International, Federal, State, Provincial, and/or Local laws applicable to the activities it performs under this bulletin, including but not limited to handling, deploying, preparing, classifying, packaging, marking, labeling, and shipping dangerous goods. In the event of a conflict between the procedures set forth in this bulletin and the laws that apply to your dealership, you must follow those applicable laws.

Important: This technical service bulletin (TSB) can only be completed by BrightDrop dealers or BrightDrop certified repair facilities who have met all BrightDrop specific training, tool, and equipment requirements. Repairs must be performed by a technician who has successfully completed the required training.

Installation Procedure

5893684

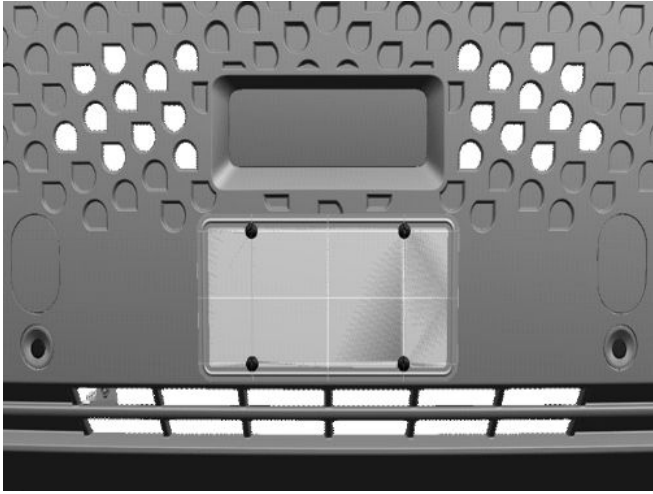

Note: This installation procedure should only be completed when the front license plate is ready to be installed.

1. Locate the dimples on the front fascia surface where the license plate will be installed. The front fascia has bosses that are molded into the front fascia behind these dimples, to provide support for the license plate.

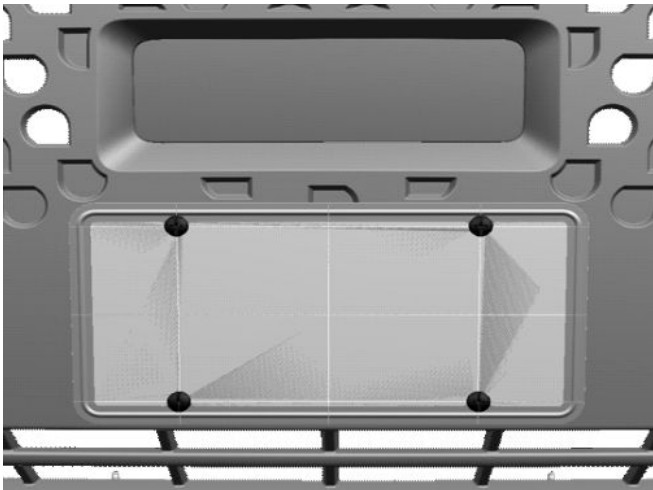

5893689

- Line up the license plate with the dimples. The dimensions for the top left dimple (1) 35 mm (1.38 in) and (2) 45 mm (1.78 in) are shown in the graphic above and can also be used as a guide for locating the remaining dimples.

5893690

5893692

- Drive the provided self-tapping screws through the license plate and into the front fascia until the plate is secured to the front fascia. Do not over torque the screws.

Warranty Information

The labor time for installing the front license plate is included in the PDI time.

Version	4
Modified	Released November 10, 2021 Revised January 05, 2023 – Added 2023 Model Year and Important Statement Before Installation Procedure. Revised February 29, 2024 – Added 2024 Model Year. Revised September 19, 2024 – Added the Brightdrop Zevo 400 and 2025 Model Year.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, **DO NOT** assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
