AUDI DEALER COMMUNICATION

Advance Notice – Continental Tire Safety Recall – 44CT

This notice is for: All Dealer Personnel

Date: September 11, 2024

**Continental Tire
Safety Recall
Information**

Continental Tire the Americas, LLC (“CTA”) / Continental Tire (Canada) announced a voluntary recall involving passenger tires after discovering a non-compliance condition.

Audi has applied code 44CT to help dealers identify vehicles that were produced with the affected the tires. A bulletin will also be published shortly with further instructions/details. In the interim, please refer to your tire vendor/distributor for additional information.

The tires' design allowed for higher flexing in the tread shoulder, causing heat buildup. The affected tires may develop a belt edge separation. With continued use, the tires could experience a partial or full tread/belt loss, which could increase the risk of a crash, serious injury, or death. Affected tires may exhibit localized tread wear in the tread shoulders, excessive vibrations and noise.

Tires have been sold, either as original equipment tires, replacement tires, or are in dealer inventories. All tires subject to this recall will be replaced free of charge.

Repair:

- REPAIR NOT YET AVAILABLE
- Dealers and owners will be notified in writing once the remedy is available.
- Check daily campaign open inventory report or OMD for affected vehicles in inventory.

Affected Vehicles

Country	Beginning Model Year	Ending Model Year	Vehicle	Vehicle Count

**Counts reflect overall population; some vehicles may have already been repaired. Check Campaigns/Actions screen in Elsa on the day of repair to verify that a VIN qualifies for repair under this action. Elsa is the only valid campaign inquiry & verification source.*

Ensure all dealer personnel are aware of this notice so they are able to address customer questions. Contact Warranty if you require additional assistance. Direct press inquiries to Audi Public Relations.

Notes:

IMPORTANT REMINDER: VEHICLES AFFECTED BY SAFETY & COMPLIANCE RECALLS

New Vehicles in Dealer Inventory: It is a violation of federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. By law, dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable Federal Motor Vehicle Safety Standard or that contains a defect relating to motor vehicle safety.

Pre-Owned Vehicles in Dealer Inventory: Dealers should not deliver any pre-owned vehicles in their inventory which are involved in a safety or compliance recall until the defect has been remedied.
