**SUBJECT: 2025+ CX-50 Turbo Models with Tow Package (7 Pin Harness).**

Beginning with the 2025 model year and onwards, the CX-50 Turbo Models equipped with the Tow Package feature a modified harness connector, which varies by trim level. There will either be 2 or 3 connectors based on the vehicle's trim, as shown in the following images below. This change to 7-pin harness requires supplemental harness kit VC85-V7-78X.

Identify the 8-pin connector, which is marked with a green circle, and proceed to [Step 1 of the installation instructions](#).
