**Background**

American Honda Motor Co., Inc. (AHM) is searching for certain 2022 Pilots with a customer complaint of steering gearbox noise while turning or going over a bump. Customer may also notice that the steering feels loose. To better understand the cause of this condition, AHM would like to collect specific parts from the vehicle prior to you attempting a repair of any kind.

**Qualifiers**

AHM is interested ONLY if the vehicle meets the following requirements:

1. Manufactured date on the driver's door jamb must be **AFTER 05/22**.
2. Must be able to duplicate the steering gearbox noise (capture the noise in a short video).
3. Vehicle has not been involved in a collision.
4. No previous replacement of the steering gearbox (53601), dust boot (53429), rack end (53010), band (53449) and clip (53434).
5. No repair has been attempted for this issue during this visit.

**Action Required**

If a vehicle matching the qualifiers above comes into your dealership, please e-mail Technical Information & Support (TIS) at [tis@ahm.honda.com](mailto:tis@ahm.honda.com) or call us at 800-880-1072 (Monday-Friday, 7am-5pm PST). TIS will contact you to record certain vehicle information and provide you with further instructions.

Please be sure to include the following information in your e-mail.

E-mail Title:

1. Model Year (e.g. 2024)
2. Model Name (e.g. Accord)
3. Issue (e.g. Brake Judder)
4. VIN

As a gesture of appreciation to the dealer personnel who identify and report a vehicle that meets the qualifiers, is accepted as a candidate and is the subject of a successful Dealer Visit/Parts Collection/Info Collection, AHM will provide the referring personnel with a **VISA gift card**. Technical Information & Support (TIS) will provide additional information if this situation applies.

Thank you.
