Background

American Honda Motor Co., Inc. (AHM) is searching for certain 2021-2023 TLX ADV's and 2021-2025 TLX Type S's with a client complaint of the "Adaptive Damper System Problem" (ADS) error message on the MID (Multi Information Display). To better understand the cause of this condition, AHM would like to collect specific parts from the vehicle prior to you attempting a repair of any kind.

Qualifiers

AHM is interested ONLY if the vehicle meets the following requirements:

- Must have one of the following DTC stored (email the All DTC check printout to [TIS](#)):
 C1646-12 (Left Rear Stroke Sensor Upper Limit Abnormality)
 C1647-12 (Right Rear Stroke Sensor Upper Limit Abnormality)
- No previous replacement of the sensor (52825) and coupler has not been disconnected or disturbed.
- No repair has been attempted for this issue.
- No collisions.

Action Required

If a vehicle matching the qualifiers above comes into your dealership, please e-mail Technical Information & Support (TIS) at tis@ahm.honda.com, or call us at 800-880-1072 (Monday-Friday, 7am-5pm PST). TIS will need to record certain vehicle information and provide you with further instructions.

Please be sure to include the following information in your e-mail.

E-mail Title:

- Model Year (e.g. 2024)
- Model Name (e.g. TLX)
- Issue (e.g. Brake Judder)
- VIN

E-Mail Body:

- Dealer Number
- Your Name
- Best Phone Number to be Reached
- Current Mileage
- Confirm that the vehicle meets qualifiers #1-#4 listed above & attach the All DTC Check printout.
- DPTS #

As a gesture of appreciation to the dealer personnel who identify and report a vehicle that meets the qualifiers, is accepted as a candidate and is the subject of a successful Dealer Visit/Parts Collection/Info Collection, AHM will provide the referring personnel with a **VISA gift card**. Technical Information & Support (TIS) will provide additional information if this situation applies.

Thank you.
