Production Containment:

- N/A

☒ No ☐ Yes**Field Containment (short term):**

- N/A – no containment possible

☒ No ☐ Yes**Root Cause:**

- Engineering charting issue
- Automotive rating was ordered instead of emergency vehicle rating

☐ No ☒ Yes**Long Term Corrective Action Plan:**

- Engineering charting updated
- Prevents ordering an automotive calibration on an emergency vehicle

☐ No ☒ Yes**Long Term Field Plan:**

- Cummins field service campaign to address re-rating and re-certifying engines
- DTNA error

☐ No ☒ Yes
