**This campaign applies to your vehicle. Refer to the provided list.**

Dear Altec Owner,

Altec Industries, Inc. has issued a customer satisfaction campaign as described in the included Service Information Letter (SIL). According to our records, you own one or more units this applies to.

Refer to the included letter for the items covered under the Altec Warranty Policy. If you had this repair performed before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this letter.

Compare your unit's identifying information with the provided list to verify your unit is affected. You may also contact Altec or view your fleet through Altec Connect to determine if there are any other outstanding notices.

If you have sold or retired the unit, update the records through Altec Connect. If you have leased this equipment to another person or company, you are required by Federal Law to forward a copy of this notice to the lessee by first class mail within ten (10) days of the receipt of this notice.

We regret this inconvenience; however, we are taking this action in the interest of your safety and continued satisfaction with Altec products.

Thank you for your immediate attention on this important matter.

## K220 Harness Replacement

**Units Affected:** Certain AC40, AC45E, and AC65E cranes built from July 2020 to January 2024. Verify your unit is affected by reviewing the attached list or accessing Altec Connect.

**Background:** Altec has learned that the main control valve harness connectors can become brittle on the affected units. This can result in the harnesses cracking or breaking, allowing water into the harness and causing loss of function.

**Customer Action:** Order and install the Harness Replacement Kit, part number 991795131 or 991795149, or schedule the installation of this kit by Altec. Verify the correct kit part number by consulting the table below. Complete this repair by the next preventative maintenance interval or within 90 days of receipt of this notice, whichever comes first. Warranty for this repair expires November 7, 2026.

Subsequent damage due to failure to perform the required action(s) in the time period allowed will not be covered by warranty.

Unit Model	Order Kit Part No.
AC40 & AC45E	991795131
AC65E	991795149

**Ask your service provider to check for any outstanding notices at your next appointment.**

**Requirements:** Every affected unit requires the installation of the proper kit for completion. The repair is estimated to take 15 minutes and one person to complete.

**Completion and Warranty:** This repair is covered under the Altec Warranty Policy until November 7, 2026 and can be performed by Altec, the customer, or the customer’s warranty provider. Altec will perform the work for free at an Altec facility. If the customer or the customer’s warranty provider performs the work, a warranty claim must be submitted to be reimbursed for the cost of the parts and/or labor. Altec will allow up to \$22.50 for the labor to perform the repair. Customers are responsible for the travel costs of an Altec Mobile Service technician if the technician performs the work at the owner’s location.

**Altec Contact Info:** Altec Connect: [connect.altec.com/login](https://connect.altec.com/login)
