Dealers can identify which models were produced with one (1) Smart Key and which phase a vehicle belongs to using the chart below.

Example: Customer has a **4Runner** produced in **December 2022**. Confirm the vehicle's production date against the Start and End Production Dates in the table below to confirm if it was produced with one (1) Smart Key. If so, **check the color of the box** corresponding to the model and production month in the table below, and **compare to the Phase summary table to the left**. The box for 4Runner produced in December has a dark green color, meaning it is part of Phase 1, which is estimated to be announced in June 2023.
