## Preliminary Information

### PIT6283 2025 Cadillac Escalade IQ EV Parts Restriction Program

#### Models

<b>Brand:</b>	<b>Model:</b>	<b>Model Years:</b>	<b>VIN:</b>	<b>Engine:</b>	<b>Transmissions:</b>
			from to		
Cadillac	Escalade IQ	2025	All All	All	All

<b>Involved Region or Country</b>	North America
<b>Condition</b>	As part of our ongoing quality improvement process, all Escalade IQ EV unique parts will be on restriction through GM Technical Assistance
<b>Cause</b>	This will help GM Engineering review issues and provide prompt technical and/or engineering support prior to part replacement

#### Correction:

If diagnostics lead to the replacement of any 2025 Cadillac IQ EV specific parts, please contact TAC at Telephone Number US 1-877-446-8227 (Action Center prompt or Hybrid prompt) or Canada 1-800-263- 7740 for English or 1-800-263-7960 for French.

Because there are more parts that can be listed, we cannot list all the part #s in this document. So please make sure the parts department looks for any notes in the GM parts electronic catalog.

Please contact TAC if any parts are ordered.

- Include the part# and part name.
- Any SI Document that leads to replacement
  - Including all data collected during the diagnosis
- Pictures of any physical damage

If DTCs are present and the diagnostic procedure gives direction to remove any parts; stop, capture GDS2 Session Log stored data, and test drive vehicle with GDS and MDI, and capture a snap shot of the Module data when condition occurs.

See latest version of [PIP4902](#) for correct session logs data collection and procedure for emailing.

TAC will request that you e-mail the session logs or pictures to them. Do not clear codes prior to capturing data and calling TAC.

U.S. dealers: [PIP5632E](#) can also be used to attach the session logs or pictures to the TAC case through the DCM portal.
