

Bulletin No.: PIT6264

Published date: 10/23/2024

Preliminary Information

PIT6264 Codes Set In K313 Interior Object Detection Module

Models

Brand: Model: Model Years: VIN: Engine: Transmissions:
from to
 Buick Enclave 2025 All All All All

Involved Region or Country	North America
Condition	Codes may be found set in the K313 Interior Object Detection Module or against the K313 Interior Object Detection Module.
Cause	False codes. The K313 Interior Object Detection Module is only a pass through module on this vehicle. There are no vehicle features handled by this module.

Correction:

If no vehicle symptoms are noted or MIL's illuminated from codes setting against this module ignore them and return the vehicle to the customer.

If the K313 Interior Object Detection Module does need to be replaced based on SI diagnostics, search K313 in the master electrical component list in SI for the location.

If the module needs to be replaced it will need to be programmed. Follow SI programming procedure for K313.
