WiScope UV upgrade and WiTorch

---

USA Only

---

Vehicle Type: **All Porsche**

Subject: **UV Digital Borescope attachment and WiTorch with Tech Live Look integration**

Information: Porsche Special Tools & Equipment has identified the need for a UV digital videoscope and WiTorch that is integrated with Tech Live Look and the HoloLens2. This tool kit will be used when diagnosing and repairing multiple systems of the vehicle. This package will be delivered via automatic shipment as Minimum Required Tools (MRT). The total cost of this auto-shipment is \$1,698.00.

This auto-ship package includes the Inspectron WiScope® Videoscope UV upgrade as well as WiTorch handheld inspection camera integrated flashlight. These tools will be added into your storage case (VIDEOSCOPECASE) with the HoloLens2. The "WiColab Borescope" companion app has been pushed to your HoloLense2. The app is also available from the Company Portal on the HoloLens.

Shipments direct from the vendor will start on November 18, 2024.

Your Porsche Center will receive one (1) WISCOPWUV and one (1) WITORCH as MRT.

**PCNA recommends that the Porsche Center purchase and provide one (1) WITORCH for EVERY Porsche Technician.**

The WiTorch is a handheld camera / flashlight / laser pointer / Video and Audio recorder can be utilized for both diagnostic and general inspection. With the integration of the HoloLense2, Android, and Windows, data can be transmitted easily providing high-definition photo and video capture with enhanced image clarity. The WiTorch features integrated barcode, QR code, and OCR reading capabilities, allowing you to tag recorded media to assets and store it on the cloud, on-premises, or locally on the device. The integrated noise cancelling microphone will help capture the right sounds so that voice memos can be heard clearly in any environment. The WiTorch has been designed with industrial durable IP54 protection for operations in a wide variety of use cases where digital images and videos need to be captured in hard to reach, harsh and dark industrial environments.

Tools Included: **WISCOPEUV**  
**WITORCH**

**Important Notice:** Technical Bulletins issued by Porsche Cars North America, Inc. are intended only for use by professional automotive technicians who have attended Porsche service training courses. They are written to inform those technicians of conditions that may occur on some Porsche vehicles, or to provide information that could assist in the proper servicing of a vehicle. Porsche special tools may be necessary in order to perform certain operations identified in these bulletins. Use of tools and procedures other than those Porsche recommends in these bulletins may be detrimental to the safe operation of your vehicle, and may endanger the people working on it. Properly trained Porsche technicians have the equipment, tools, safety instructions, and know-how to do the job properly and safely. Part numbers listed in these bulletins are for reference only. The work procedures updated electronically in the Porsche PIWIS diagnostic and testing device take precedence and, in the event of a discrepancy, the work procedures in the PIWIS Tester are the ones that must be followed.
