## FOR THE ATTENTION OF ALL:

### DESCRIPTION OF ISSUE

A potential concern has been identified on certain 2021 model year to 2023 model year Defender vehicles.

Customers may experience a Malfunction Indicator Lamp (MIL) relating to the vehicle catalytic converter as well as possibly affecting the vehicle driveability, depending on the severity of the catalytic converter degradation.

### ACTION TO BE TAKEN

This service instruction has been released under the JLR connected campaign initiative. At the next opportunity, you are requested to repair the vehicle.

Following procedures appropriate to your market and as required by local legislation, owners of affected vehicles should be contacted requesting that the owner contact their nearest JLR retailer/authorized repairer as soon as possible to arrange for the repair to be completed. The National Sales Companies (NSCs), Importer, Regional Office or Government agency will contact the customers. If you have any questions about this process, contact your NSC/Importer or Regional Office for more information.

Check the JLR Warranty Portal to make sure affected vehicles are correctly identified prior to starting this campaign. The Warranty Portal will be updated to reflect only those vehicles affected.

An owner may indicate that a repair has already been completed for this concern, in which case the full cost of the repair should be reimbursed. Refer to the warranty section of this campaign for details of the Customer Reimbursement and Related Damage Process. At the time of confirming a booking for a vehicle repair, make sure you check the Warranty Portal to confirm if there are any other outstanding campaigns, to make sure the correct parts are available and adequate workshop time is allocated for repairs to be completed in one visit.

**An important message for owners of Defender vehicles**

Dear

We are providing a Customer Satisfaction Program free of charge to owners of certain 2021 model year to 2023 model year Defender vehicles.

**Why are we contacting you?**

We have found some customers may experience a Malfunction Indicator Lamp (MIL) relating to the vehicle catalytic converter as well as possibly affecting the vehicle driveability, depending on the severity of the catalytic converter degradation.

**What will your JLR retailer/authorized repairer do?**

We will replace the catalytic converter. This will be done free of charge under the terms of this program.

**How long will it take?**

We will complete the work as quickly and efficiently as possible to minimize inconvenience to you. Your JLR retailer/authorized repairer will advise how long they will need your vehicle when you make the booking.

**What we are asking you to do**

Call your preferred JLR retailer/authorized repairer without delay. Quote your Vehicle Identification Number (VIN) (located at the beginning of this letter) and vehicle registration number, ask for a repair date for N918. If you do not have a JLR retailer/authorized repairer, access [www.landrover.co.uk](http://www.landrover.co.uk) or [www.landrover.com](http://www.landrover.com) for contact details.

If you have trouble getting your vehicle repaired promptly and free of charge, contact the JLR retailer/authorized repairer Service Manager for assistance.

Thank you for attending to this important matter.

Yours sincerely

Head of Business
