

SSM 53324 2024-2025 F-Super Duty - Pickup Only - Built On Or After 18-Sep-2024 - Customer Tailgate Removal Kit Delete

2024-2025 F-Super Duty pickups built on or after 18-Sep-2024 no longer have the customer installed tailgate removal kit (14A666) provided in the glove compartment from the assembly plant. This kit contains protective electrical connection caps and jumper harness (if applicable) that should be installed when the tailgate is removed. If a customer requires the kit due to tailgate removal, it is available through service parts department and provided to the customer free of charge. Refer to the Owner's Manual for direction on obtaining and installing the tailgate removal kit.
