Release Date: January 2025

Symptom/Vehicle Issue: Forward Facing Camera Showing Image Upside Down

Discussion: After a CVPM replacement, the tech may notice the front camera view is showing the image upside down. Engineering is aware of the issue and working to get Mopar service parts updated.

This document does not authorize warranty repairs. This communication documents a record of past experiences. STAR Online does not provide any conclusions about what is wrong with the vehicle. Rather, it captures all previous cases known that appear to be similar or related to the vehicle symptom / condition. You are the expert, and you are responsible for deciding on the appropriate course of action.

Contact STAR Center, or your Technical Assistance Center Via TechConnect, eCONTACT or Service Library entry if no solution is found.
