

SSM 53341 2023-2024 F-Super Duty - 6.7L - Air Conditioning Condenser Removal Procedure Update

Some 2023-2024 F-Super Duty vehicles equipped with a 6.7L engine may require replacement of the air conditioning condenser due to various concerns. Workshop Manual (WSM), Section 412-00 has been updated eliminating the step to drain and fill the engine cooling system. WSM, Section 501-19 has been updated eliminating the step to remove the front wheels to gain access to the front bumper retaining bolts.
