

CAN-AM ORIGIN 2025 Heated Grips Important Information - 143621

Article Detail

Problem:

This VIN has been flagged by engineering as affected by this message & alert

The VCU software does not support the installation of the heated grips. Fitting this accessory will make it impossible to switch off the vehicle, which could result in permanent damage to the HV battery.

Solution:

Reprogramming the VCU module will cure the symptom. The new software will be available in early 2025, and will be able to handle the installation of the heated grips.

This applies to identified Origin models only, all Pulse models will have the feature enabled

Warranty:

Campaign to be published soon
