**DESCRIPTION**

Some vehicles may exhibit a partially missing image (shown in the circles below) from the Active Driving Display (ADD) on the front window and/or display.

A circle is displayed

A part of the displayed image is missing

This concern may be caused by air entering the liquid-crystal display (LCD) of the active driving display. The moisture in the air vaporizes and forms bubbles, which appear on the image on the display. To eliminate this concern, the parts that construct the LCD have been modified to prevent water ingress.

Customers having this concern should have their vehicle repaired using the following repair procedure.
