### PD129

Affected Models/Years:	Affected Population:	Dealer Inventory:	SERVICE COMM Activation date:	Stop Sale In Effect
2018-2019 Titan (A61D)	11,614	NA	December 20, 2024	<b>NO</b>

#### \*\*\*\*\* Campaign Summary \*\*\*\*\*

Nissan is conducting a Voluntary Emissions Recall Campaign on certain 2016-2019 Titan Diesel vehicles identified in Service Comm and DBS National Service History.

Vehicles affected by this campaign require upgraded emissions control software and hardware for model years 2016-2017 or upgraded software only for model years 2018-2019. This finding has no effect on the safety of the vehicle.

Cummins and the California Air Resources Board have entered into an agreement to correct this condition. In order to implement this correction, Nissan is conducting a Voluntary Emission Recall Campaign. The remedy and parts are now available. Nissan dealers will update the emissions control software and install a Particulate Matter Sensor for model years 2016-2017 and update emissions control software only for model years 2018-2019.

**\*\*\*\* What Dealers Should Do\*\*\*\***

1. Verify if vehicles are affected by this Voluntary Emission Recall Campaign using Service Comm or DBS National Service History Campaign I.D. **PD128 and PD129.**
2. Dealers should use **NTB24-061** to remedy any vehicles affected by **PD128** and **NTB24-062** to remedy any vehicles affected by **PD129.**
3. Once remedied, dealers should submit the claim, using the claims coding provided, and release the vehicle.

**\*\*\*\* Release Schedule \*\*\*\***

<b>Parts</b>	The remedy and parts are now available. Refer to <b>NTB24-061</b> and <b>NTB24-062</b> to determine the parts required for these campaigns. Parts are on restriction and can be ordered via DBS.
<b>Repair</b>	<ul style="list-style-type: none"><li>• <b>NTB24-061 for PD128</b></li><li>• <b>NTB24-062 for PD129</b></li></ul>
<b>Owner Notification</b>	Nissan will begin sending notifications to owners of all potentially affected vehicles in <b>February 2025</b> , via U.S. Mail.

**\*\*\*\* Dealer Responsibility \*\*\*\***

It is the dealer's responsibility to check Service Comm or DBS National Service History using the appropriate Campaign I.D. for the campaign status on each vehicle falling within the range of this voluntary recall campaign which enters the service department for any reason. This includes vehicles purchased from private parties or presented by transient (tourist) owners as well as vehicles in dealer inventory. If a VIN subject to this recall campaign was part of a dealer trade, the letter associated with that VIN should be forwarded to the appropriate dealer for service completion.

**NISSAN NORTH AMERICA, INC.**

Total Customer Satisfaction

**Frequently Asked Questions (FAQ):**

**Q. Is this a safety recall?**

A. No, it is classified as an emission recall.

**Q. Is this a Stop Sale?**

A. No.

**Q. What is the reason for the recall?**

A. Vehicles affected by this campaign require upgraded emissions control software and hardware

for model years 2016-2017 or upgraded software only for model years 2018-2019. This finding has no effect on the safety of the vehicle.

Cummins and the California Air Resources Board have entered into an agreement to correct this condition. In order to implement this correction, Nissan is conducting a Voluntary Emission Recall Campaign.

**Q. What is the possible effect of the condition?**

A. Vehicles affected by this campaign may have an increase in NOx emissions while in operation at speeds of 60 mph or greater.

**Q. What will be the corrective action for this voluntary emission campaign?**

A. The remedy and parts are now available. Nissan dealers will update the emissions control software and install a Particulate Matter Sensor for model years 2016-2017 vehicles and update emissions control software only for model years 2018-2019 vehicles.

**Q. How long will the corrective action take?**

A. This service, which is conducted at no charge to you for parts and labor, could take up to one (1.0) hour to complete for model year 2018-2019 vehicles to update emissions control software only and up to two (2.0) hours for model year 2016-2017 vehicles to install a Particulate Matter Sensor and update emissions control software. However, your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

**Q. When will vehicle owners be notified?**

A. Nissan will begin sending notifications to owners of all potentially affected vehicles in **February 2025** via U.S. Mail.

**Q. Is my vehicle safe to drive?**

A. Yes. This condition has no effect on the safety of the vehicle.

**Q. Is there anything owners can do to mitigate this condition?**

A. No.

**Q. Are parts readily available?**

A. Yes.

**Q. Will a rental vehicle be provided while the dealer is servicing the vehicle?**

A. Please consult your dealer for alternate transportation availability while your vehicle is being serviced. Rental is available upon customer request, while parts are on order.

<b>EXPENSE CODE</b>	<b>DESCRIPTION</b>	<b>AMOUNT</b>
<b>502</b>	<b>Rental Expense</b>	<b>\$156</b>
Contact the Warranty claims call center 1-800-777-9999 if additional expense is required. Please refer to WBP19-017 for additional information on application of rental reimbursement.		

**Q. Is there any charge for the repair?**

A. No, the remedy will be performed for the customer free of charge for parts and labor.

**Q. Will I have to take my vehicle back to the selling dealer to have the service performed?**

A. No, any authorized Nissan dealer will be able to perform the recall campaign.

**For Consumer Affairs:** Please inform us of the dealer where you would like to have the corrective action completed.

**Q. I have lost confidence in the vehicle. Will Nissan replace or repurchase the vehicle?**

A. The remedy will fully correct this condition. As the condition will be corrected, there is no basis for repurchasing or replacing your vehicle.

**Q. What model year vehicles are involved?**

A. Certain model year 2016-2019 Nissan Titan Diesel vehicles manufactured from August 7, 2015 to December 4, 2019.

**Q. Are you experiencing this condition on any other Nissan (or INFINITI) models?**

A. No.
