A. COMPLIMENTARY UPGRADE C000017 DESCRIPTION

Volvo Car USA LLC and Volvo Car Canada LTD, on behalf of Volvo Car Corporation, has decided to launch Complimentary Upgrade – C000017 on certain Android-based Infotainment system (iCup) vehicles that have missed three (3) or more consecutive Over-The-Air (OTA) downloads.

C000017 also addresses certain EX90s that have missed one (1) or more OTA downloads.

Complimentary Upgrade C000017 addresses vehicles that are no longer able to receive OTA updates. This Upgrade is necessary to have the correct baseline for future OTA deployments. In order to explain the features and benefits we recommend noting the software level before the download is completed. This will aid in explaining to the customer what improvements have been added since their last software download.

To remedy concerned cars, please follow the instructions outlined in TJ 36139.

Complimentary Upgrade C000017 includes some of following software updates:

They can also be found here:

SPA, Software Version 3.3.16

Android Auto can be used with Android devices via the center display, your Android phone or with the right-side steering wheel buttons. When installed, it lets you listen to music, make calls, get driving directions and use apps customized for your car. To use the Android Auto app, it needs to be installed on your Android device and connected to the internet.

Quality Bulletin C000017

HD Radio allows the car to receive digital versions of radio stations. Listening to digital radio can give you better sound and a smoother listening experience. When you're listening to an HD Radio station, you will see the HD Radio symbol in the center display. You can see HD Radio symbols in the radio app's stations list and now playing view.

General improvements

- Road sign information performance
- Camera image brightness for model year 2024 and later cars.
- Drivetrain and power supply that do not affect performance or emissions.

EX90, Software Version 1.1.23

- General stability improvements

PLEASE NOTE: The claim type for the Complimentary Upgrade will change with every OTA release, e.i. "C000XX".

B. VEHICLES INVOLVED

NOTE: RETAILER MUST CONFIRM VEHICLE ELIGIBILITY PRIOR TO BEGINNING THE REPAIR FOR THIS COMPLIMENTARY UPGRADE.
