REASON FOR THIS PROGRAM

On the affected vehicles, a front select-fit shim is missing within the transmission. Over time, the transmission shift quality performance may degrade and transmission shifts may become rough and jerky. If the issue progresses without repair, a powertrain wrench light may illuminate in the cluster.

SERVICE ACTION

Dealers are to replace the transmission. This service must be performed on all affected vehicles at no charge to the vehicle owner.

To assist vehicle owners to have this repair completed when parts are available, dealers should:

- Arrange to pick up the owner's vehicle and drive it to the dealership for repairs (rentals are authorized – see Rental Vehicles).
 - Re-deliver the owner's vehicle after repairs have been completed.

- Pick-Up & Delivery, towing, and alternative transportation should be made available for all customers. Refer to the Rental and Claiming sections for further details.

ESSENTIAL SPECIAL SERVICE TOOLS

If you do not have the special tools needed, please contact 1-800 ROTUNDA and choose option 3 to place an order to purchase.

OWNER NOTIFICATION MAILING SCHEDULE

Owner letters are expected to be mailed the week of February 24, 2025 or sooner. Dealers should repair any affected vehicles that arrive at their dealerships, whether or not the customer has received a letter.

OASIS ACTIVATION

OASIS will be activated on February 18, 2025.

FSA VIN LISTS ACTIVATION

FSA VIN Lists will be available through <https://web.fsavinlists.dealerconnection.com> on February 18, 2025. Owner names and addresses will be available by March 3, 2025.

NOTE: Your FSA VIN Lists may contain owner names and addresses obtained from motor vehicle registration records. The use of such motor vehicle registration data for any purpose other than in connection with this program is a violation of law in several states, provinces, and countries. Accordingly, you must limit the use of this listing to the follow-up necessary to complete this service action.

SOLD VEHICLES

- Owners of affected vehicles will be directed to dealers for repairs.
- Immediately contact any of your affected customers whose vehicles are not on your VIN list but are identified in OASIS. Give the customer a copy of the Owner Notification Letter (when available) and schedule a service date.
- Correct other affected vehicles identified in OASIS which are brought to your dealership.
- Dealers are to prioritize repairs of customer vehicles over repairs of new and used vehicle inventory.

BRANDED / SALVAGED TITLE VEHICLES

Affected branded / salvaged title vehicles are eligible for this service action.

- Alternative transportation reimbursement can be claimed for both short-term and long-term scenarios.
- Any amount over the cost-per-day limits will be the customer's responsibility.
- The customer will need to pay upfront and provide proof of payment to the dealer.
- Dealers will then need to submit for reimbursement following the Rental Vehicle Reimbursement Process and then refund the customer.

PARTS RETENTION, RETURN, & SCRAPPING

Federal law prohibits selling motor vehicle parts or components that are under safety, compliance, or emissions recall.

EXCESS STOCK RETURN

The excess stock returned for credit must have been purchased from Ford Customer Service Division by Policy Procedure Bulletin 4000.

REPLACED FSA PARTS INSPECTION AND SIGN OFF

Effective March 1st, 2021, all parts replaced as part of an FSA repair with a repair order open date of March 1st, 2021, or later must be inspected and signed off on the repair order by a member of your dealer's fixed operations management team or an employee the task has been delegated to. If the task is to be delegated to a non-management employee, the employee needs to be someone other than the technician who completed the repair and needs to understand the importance of completing this task consistently and accurately.

- All parts replaced as part of an FSA repair should be returned to the parts department following the Warranty Parts Retention and Return Policies.
- Inspect the replaced parts to verify the FSA repair was completed.

Labor Allowances and Parts Ordering Information

Page 3 of 3

Customer Satisfaction Program 24B59

- If the FSA repair is found to be complete, the designated employee signs the repair order line or parts return stamp area (electronic or hand signed) for the FSA repair indicating the parts were inspected and validated to have been replaced.
- After the parts have been inspected, they should be handled based on the guidance in the parts status report in the Online Warranty System (Hold, Return, CORE, Scrap, etc.). Please visit FMCDEALER > PARTS & SERVICE > WARRANTY ADMINISTRATION & WARRANTY PARTS RETURN for the latest [Immediate Scrap List](#) information.
- This process is subject to review during warranty audits for FSA repairs with a repair order open date of March 1st, 2021, or later. Any eligible FSA claims requiring parts replacement found not to have been inspected and signed off during a warranty audit will be subject to chargeback and consideration for enrollment into the Dealer Incomplete Recall Repair Process.

Note: Other approvals (electronic or handwritten) for add-on repair lines, dealer-owned vehicle repairs, and repeat repairs do not qualify as FSA parts inspection approvals. The post-repair FSA parts inspection process (electronic or handwritten) is independent of other warranty approval requirements. The approval by the designated employee implies that the FSA parts were found to be replaced and must be able to be identified on the Repair Order. If multiple FSAs require approval on a single Repair Order, each applicable occurrence will require individual post-repair approval by the designated employee.

At Lincoln, we are committed not only to building high-quality, dependable products but also to building a community of happy, satisfied customers. To demonstrate that commitment, we are providing a no-charge Customer Satisfaction Program for your vehicle.

Why are you receiving this notice?	On your vehicle, it may be possible a front select-fit shim is missing within the transmission.
What is the effect?	Over time, a missing front select-shift shim may lead to degradation of transmission shift quality. Transmission shifts may become rough and jerky. If the issue progresses without repair, a powertrain wrench light may illuminate in the cluster.
What will Lincoln and your retailer do?	Parts are now available to repair your vehicle. Please confirm parts availability with your retailer when scheduling an appointment. In the interest of customer satisfaction, Lincoln has authorized your retailer to replace your transmission free of charge under the terms of this program. This Customer Satisfaction Program will be in effect until February 28, 2026 or 60,000 miles, whichever occurs first. Coverage is automatically transferred to subsequent owners.
How long will it take?	The time needed for this repair is less than one and one-half days. However, due to service scheduling requirements, your retailer may need your vehicle for a longer period of time.
What should you do?	Please call your retailer without delay to schedule a service appointment for Customer Satisfaction Program 24B59. If you do not already have a servicing retailer, you can access Lincoln.com/support for retailer addresses, maps, and driving instructions. Lincoln wants you to have this service action completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed. NOTE: You can receive information about Recalls and Customer Satisfaction Programs through The Lincoln Way: Lincoln Owner App. The

app can be downloaded through the App Store or Google Play. In addition, there are other features such as controlling certain functions on your vehicle (lock or unlock doors, remote start) if it is equipped to allow control.

Pick-Up and Delivery

Complimentary vehicle Pick-Up & Delivery service may also be available upon request from your retailer. Your retailer will pick up your vehicle and return it with the repair completed.

Do you need a rental vehicle?

Your retailer is authorized to provide a rental vehicle for your personal transportation at no charge (except for fuel, insurance, and tolls) while your vehicle is at the retailer for repairs. Please see your retailer for guidelines and limitations.

What if you no longer own this vehicle?

If you no longer own this vehicle and have an address for the current owner, please forward this letter to the new owner.

You received this notice because our records, which are based primarily on state registration and title data, indicate you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.
