SUBJECT:			No: <b>TSB-25-00-010</b>
<b>NEW MODEL FEATURES &amp; SERVICE INFORMATION - 2025 OUTLANDER</b>			DATE: <b>February 2025</b>
			MODEL: <b>2025 Outlander</b>
<b>CIRCULATE TO:</b>	<input type="checkbox"/> GENERAL MANAGER	<input checked="" type="checkbox"/> PARTS MANAGER	<input checked="" type="checkbox"/> TECHNICIAN
<input checked="" type="checkbox"/> SERVICE ADVISOR	<input checked="" type="checkbox"/> SERVICE MANAGER	<input checked="" type="checkbox"/> WARRANTY PROCESSOR	<input checked="" type="checkbox"/> SALES MANAGER

## PURPOSE

This bulletin contains important new model year service information and features for the **2025 Outlander** (U.S. models only). Review the details that follow to familiarize yourself with 2025 model year features and options. Refer to the 2025 Outlander Service Manual on MEDIC, MDL, or CD (p/n MSCD-030B-2025), and the Owner's Manual for details on these and other features.

## AFFECTED VEHICLES

2025 Outlander

## U.S. MODEL LINEUP

MODEL	ENGINE	TRANSMISSION
ES (2WD, S-AWC)	2.5L DOHC 4-cylinder Direct Injection	CVT with 8-speed Electronic Automatic
SE (2WD, S-AWC)		
SEL (2WD, S-AWC)		

## SERVICE INFORMATION

See TSB-25-00-009 for 2025 Outlander Technical Specifications.

## VEHICLE INFORMATION

New and improved comfort, convenience, materials, design and technology for 2025 Outlander include the following:

- ALL NEW YAMAHA Premium Audio on all trims
- NEW 12.3" Smartphone-link Display Audio with Navigation standard on all trims, a first for Outlander
- USB-C charge ports

**NOTE:** All information contained in this document is for Internal Training Purpose only. If you are a customer viewing this document please go to [mitsubishicars.com](http://mitsubishicars.com) for required disclaimers.

## VEHICLE INFORMATION (Continued)

- NEW alloy wheel designs across all trim levels
- Revised front grill
- Redesigned front & rear skid guards with three dimensional design
- Revised taillights with black background and deeper red for improved visibility
- LED exterior and interior lights standard on all trims
- Heated front seats now standard on all S-AWC models
- Available HomeLink garage door opener
- Wireless Apple CarPlay and Android Auto standard
- Google street View and Places integration
- NEW Moonstone Gray Metallic tri-coat paint
- NEW Brick Brown Semi-Aniline Premium Leather available with SEL Premium package
- Heated Steering Wheel and Power Panoramic Sunroof standard on SEL
- Ventilated Front Seats standard on SEL
- NEW Leather Quilting Pattern on SEL
- NEW Light Gray Interior on SE
- Enhanced shocks, spring rate and tires
- Re-tuned Electronic Power Steering
- Redesigned smartphone wireless charger with improved accessibility
- Updated digital driver display graphics
- Improved center console design with increased storage capacity and repositioned, larger cupholders
- Aluminum pedals on SEL
- 18 new acoustic isolation items reduce road noise and vibrations
- Digital Rearview Mirror with integrated rear camera

## FEATURES BY MODEL

### OUTLANDER ES FEATURES

- NEW 18-inch alloy wheels
- Wireless Apple CarPlay™ and Android Auto™
- Front USB-C ports (2), plus Center Console Box USB-C (1)
- NEW 12.3" Smartphone-link Display Audio w/Navigation - SiriusXM® 360L with 3-month All Access trial
- ALL-NEW YAMAHA Premium 8-speaker audio
- Mitsubishi Connect with Safeguard 5-year trial and Remote services 12-month trial
- Heated Front Seats (S-AWC only)
- LED Interior Lighting
- Auto-dimming Rearview Mirror
- Full LED Headlights AND Taillights
- LED Tailgate Cargo Light
- Blind Spot Warning (BSW) with Lane Change Assist (LCA)
- Rear Cross Traffic Alert (RCTA)
- Rear Automatic Emergency Braking (Rear AEB)
- Rear parking sensor
- Push button start
- 7-passenger seating
- Bluetooth® wireless technology

### OUTLANDER SE FEATURES

- ALL NEW Trim features plus:
- NEW Available Light Gray Interior
- HomeLink Garage Door Opener
- Advanced Driver Assist Systems
  - Adaptive Cruise Control (ACC) with Traffic Jam Assist
  - Lane Keep Assist (LKA)
  - Lane Departure Prevention (LDP)
  - Traffic Sign Recognition (TSR)
- Hands-free Power Liftgate
- Front Parking Sensors
- Synthetic Leather / Suede Seating
- LED front fog lights
- Front rain-sensing wipers
- Leather-wrapped steering wheel + shift knob
- Updated 15W Smartphone Wireless Charger
- Rear USB ports
- Auto Up / Down Windows - All
- Heated Front Seats
- Multi-View Camera System
- Heated Door Mirrors
- Electric Folding Mirrors

## FEATURES BY MODEL (Continued)

### OUTLANDER SE TECH PACKAGE FEATURES

- NEW YAMAHA ULTIMATE 12-speaker premium audio
- Power Panoramic Sunroof
- 12.3" Digital Driver Display

### OUTLANDER SEL PACKAGE FEATURES

- ALL SE features plus:
- Leather Seating w/ NEW Quilting Pattern
- Aluminum Pedals
- Heated Steering Wheel
- Ventilated Front Seats
- Power Panoramic Sunroof
- 12.3" Digital Driver Display
- Reverse Auto Tilt Mirrors
- Silver Roof Rails
- 3-zone Auto Climate Control
- Heated Rear Seats
- Rear Door Sunshades
- Key-Linked Driver Position Memory Seats and Mirrors

### OUTLANDER SEL PREMIUM PACKAGE FEATURES

- NEW YAMAHA ULTIMATE 12-speaker premium audio
- Head-Up Display
- NEW Semi-Aniline Premium Leather (Brick Brown)
- Digital Rearview Mirror w/Rear Camera
- Requires Two-Toned Roof

### OUTLANDER PLATINUM EDITION SAM PACKAGE FEATURES

- ALL SEL features plus:
- NEW YAMAHA ULTIMATE 12-speaker premium audio
- Head-Up Display
- Digital Rearview Mirror w/Rear Camera
- Black Diamond body with Alloy Silver roof
- Light Gray leather interior
- Satin Hood Emblem
- PLATINUM EDITION badge
- Ground Illumination (Mitsubishi Motors logo)
- Scuff Plates

## EXTERIOR

### Dynamic Shield Illumination and Power Side Mirrors

Images from 2024 Outlander for illustration purposes

### Daytime Running Lights and Headlamps

Strategically placed daytime running lights sit high near the hood, while headlamps below minimize glare for others sharing the road.

### Front Design

The front grill has an upgraded feel with smooth and elaborate detailing.

The skid guard has gained a more three-dimensional appearance, providing a robust and protected feel.

New titanium gray finish.

## Rear Design

The tail lamp outer lens has a clear outer lens with black background material, wide and illuminated making the T-shaped signature with the deeper red inner lens stand out more than before.

The signature shape is emphasized by the clear outer lens and red inner lens, even when the tail lamp is unlit and around dark components.

The design and visibility have been improved by using LEDs for the turn and back up lights.

The skid guard's design has been revamped with a three-dimensional style, reinforcing the robust and protective exterior.

## Wheels

High-end, large-diameter 20" machined wheels available on SE/SEL models to accentuate the 2025 Outlander's confident stance.

The new 6-spoke design is geometric yet dynamic. The 20" variant is machined with a step rim, while the 18" version is available machined or painted. Shown: 18" silver painted available on ES model (only in machined for 2025).

# Paint Colors

## ES Color Lineup

## SE Color Lineup

## SEL Color Lineup

## SEL Premium Color Lineup

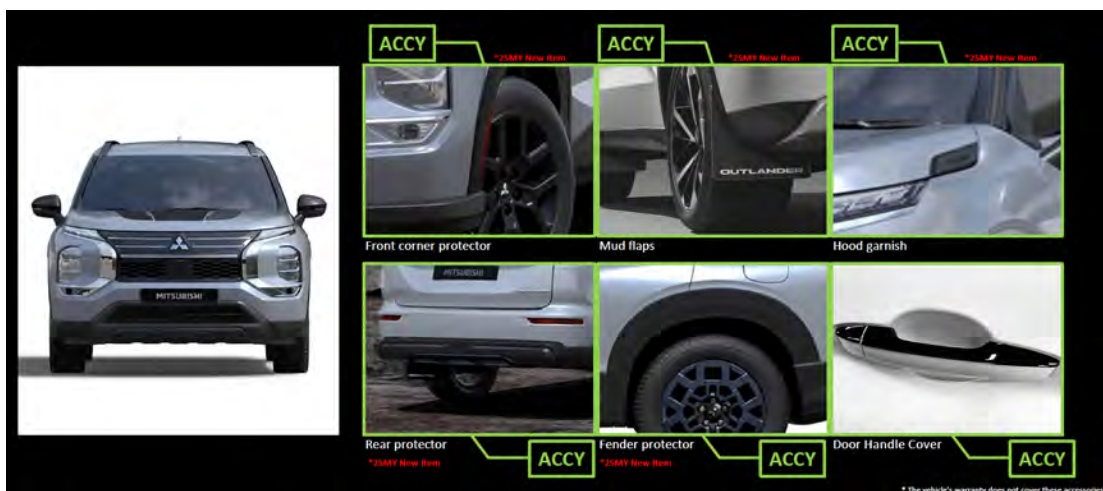

New for 2025 Outlander, Moonstone Gray Metallic. Gray metallic color adds a sharp blue glow to the solid-like gray by combining blue metallic flakes and aluminum flakes resulting in a dynamic appearance. The paint layers have increased from two layers to three, resulting in a diamond-like color. This is the only color in the lineup to feature three coats outside the Diamond series.

## TRAIL Edition Design

\*ACCY = accessory

\*ACCY = accessory

\*ACCY = accessory

### Reduced Noise Levels

Newly developed tires reduce road noise level and sound deadening materials added in 18 different locations around the interior of the car including:

- Door trim
- Glove box
- Air Conditioning ducts
- Floor panel
- Thicker floor carpet
- A&B Pillar trim
- 3rd row panel trim

### Available Power Panoramic Sunroof

Spanning an impressive length the available panoramic sunroof with narrow drip rails provides greater overall visibility while filling the cabin with natural light.

## INTERIOR

### Heated Steering Wheel and Drive Mode Selector

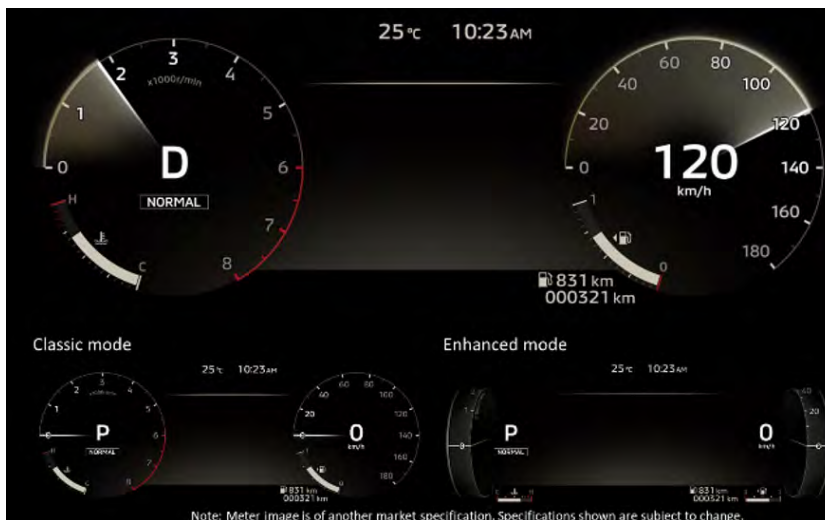

The available heated steering wheel has increased telescopic range and adjusts easily to any driver.

The Drive Mode Selector allows you to switch between eco, normal, tarmac, gravel, snow and mud modes.

12.3 inch full digital driver display enhances usability and allows intuitive understanding of the vehicle status. The design has been improved to create a meter with a high quality and a sense of luxury.

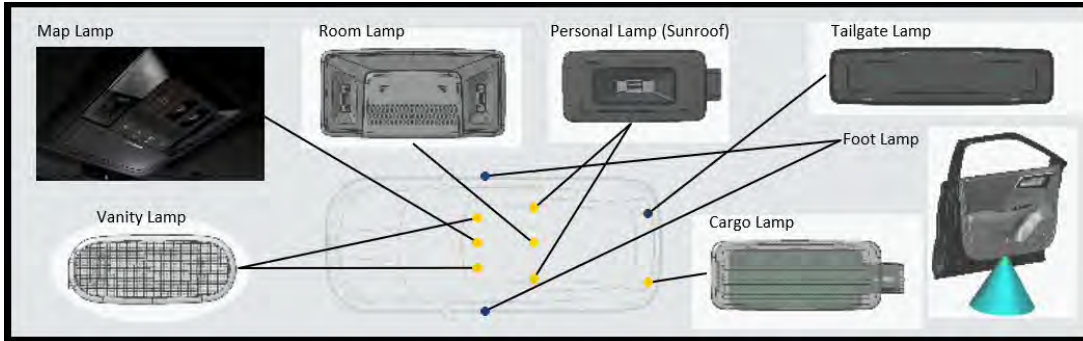

Key features:

- Better visibility with TFT color LCD
- High-resolution display with smooth animations
- Enriched display content
- Meter display control using steering wheel controls
- Driver friendly support display with headlight and wiper operation guidance
- Customizable display
- Audio and navigation map display

## Interior Lamps / Illumination

All interior lamps have been upgraded to LED. The map lamp, room lamp, and personal lamp can be turned on and off with a capacitive switch. With the operation of the main switch and individual lamp switches, the lights now gradually turn on and off. A foot lamp has been added to provide ground illumination when getting in and out of the car at night (not standard).

## Seating

SEL Premium Semi-Aniline Leather features new Brick Brown color and quilting pattern.

SEL features new quilting pattern Black Leather.

## Seating (Continued)

SEL features new quilting pattern. Light Gray Leather available with select exterior colors.

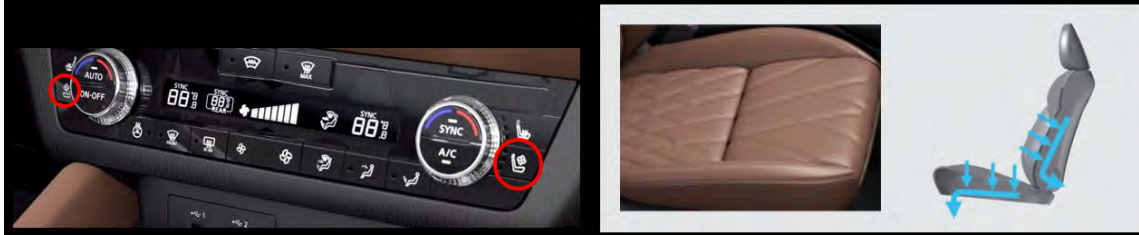

SE features new light gray synthetic leather for the first time. Available with select exterior colors.

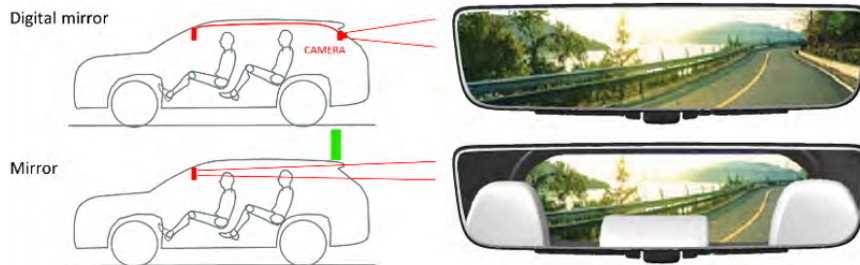

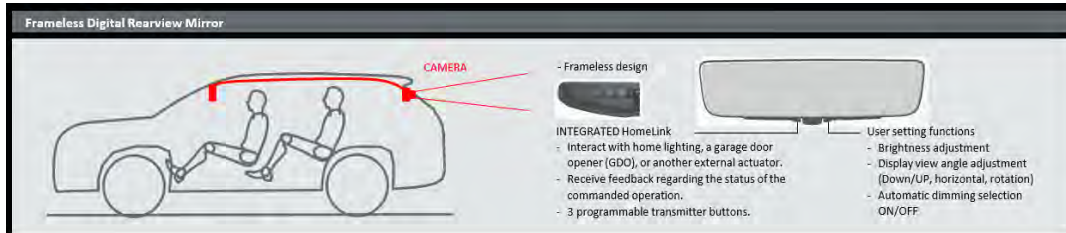

## Ventilated Front Seats

Front seat comfort has been enhanced by adding a 3-level adjustable ventilation feature to the semi-aniline leather / leather seats (SEL and SEL Premium only). The system pulls air from HVAC ducts, has separate adjustable airflow levels for driver and passenger, and is adjustable in 3 stages to maintain a comfortable ride.

## Frameless Digital Rearview Mirror with HomeLink®

Exclusively available on SEL Premium and Platinum Edition, Outlander adopts a frameless design for the digital rear-view mirror. The video from the camera installed at the rear of the vehicle is displayed on the rear-view camera. You can turn the camera image on/off by moving the lever located in the center of the mirror forward and backward.

## Cup Holder

With the cup holder now located beside the shift lever instead of in the front armrest, it's easy to remove cups and bottles, accommodating two 44-ounce cups. Cup holders are tilted away from each other to prevent contact of the cups.

### Wireless Charger / Console Box / USB-C Port

The base of the wireless charger is now slanted, making it easier to access the smartphone placed on the charging pad. The capacity of the console box has increased by 45% and increase from 2.9L to 4.2L. Additionally a USB-C port has been added to the console box (standard from ES).

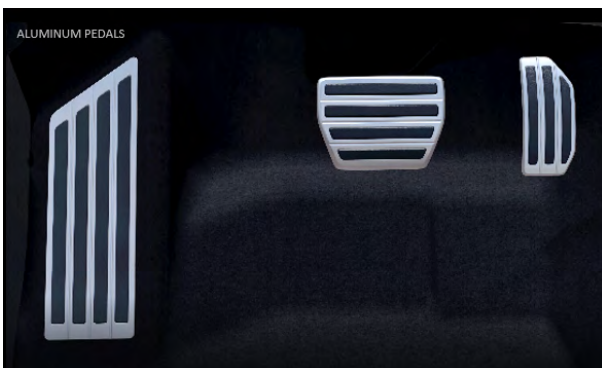

### Touch Sensitive Interior Lights

Outlander now has standard full exterior and interior LED lights. All Interior Lights are touch sensitive activation for a more premium experience.

### Aluminum Trimmed Pedals

SEL models are now equipped with enhanced aluminum trimmed pedals.

## Yamaha Ultimate Audio

Experience music with Outlander's unique Yamaha System which includes:

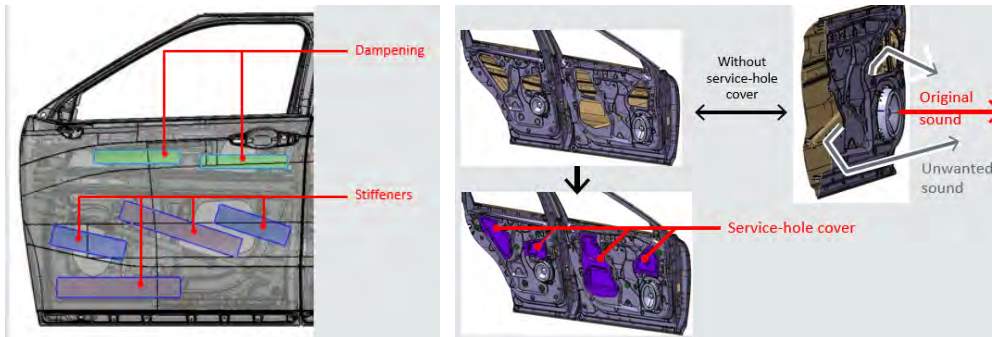

High-end hardware & software technologies to attain the best sound quality:

- Wide range, low distortion speakers
- Upsized speaker magnets for more dynamic efficiency
- Large-gauge wiring for maximum power and efficiency
- High quality tuning utilizing "Virtual Cabin" and "Sound Localization" tools: Traditional concert hall expertise meets modern technology

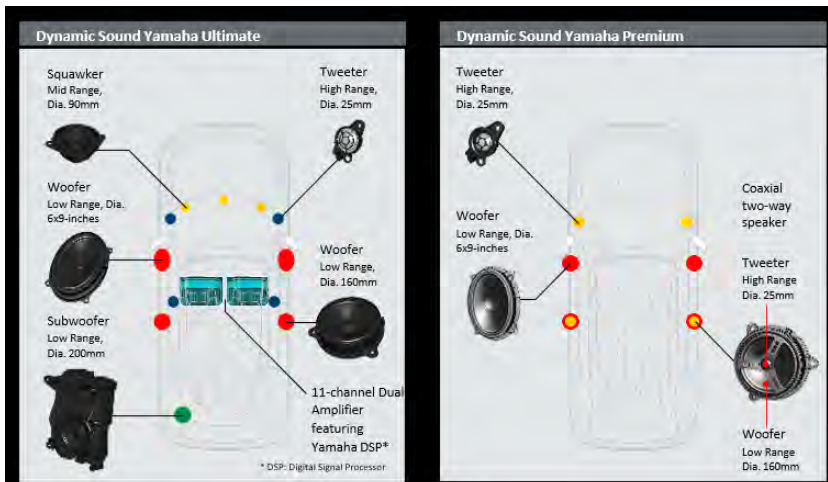

Specification and Feature Updates:

- Speed compensation adds EQ tuning
- Rain and HVAC compensation
- Unique EQ tuning with customer options
- Tuning for specific listening positions (customer selectable)
- More sounds dampening in door panels to reduce noise

New modifications were made to the outer and inner door panels to prevent resonance and improve bass sound quality.

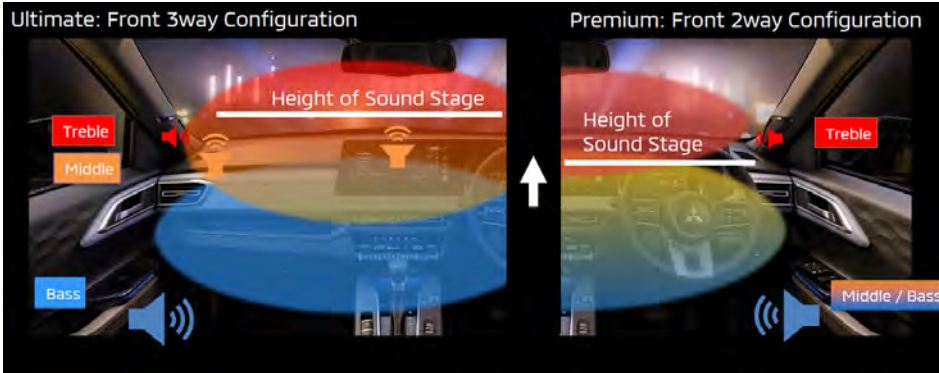

Outlander offers Yamaha Premium Audio standard on all trims and includes 8 speakers. The Yamaha Ultimate Audio includes 12 speakers and a dual amplifier.

Both Dynamic Sound Yamaha systems in Outlander offer a premium experience by simulating the feeling of being at a live performance.

By directing tweeter/woofer concentration on treble/bass, details of sounds are expressed at higher levels.

By lifting the sound stage, vocal and musical instruments are localized in front of listeners. This results in an even more natural sound stage.

**Tweeter**  
(for high frequencies, 25mm in diameter)

- Carefully selected materials that prioritize lightweight design.
- Silk is chosen for the diaphragm, and Copper-Clad Aluminum Wire (CCAW) is employed for the coil wiring.
- Improving responsiveness simulates the feel of the same instruments heard in the song.

**Woofer**  
(for low frequencies, 6x9-inches in diameter)

- Setting a lower playable frequency range enhances driving power through a powerful magnetic circuit and multiple coils.
- With moving parts 2.4 times heavier than the standard speaker, the frequency range is extended to 55Hz.
- Selecting a larger magnet size and incorporating a 4-layer coil results in **2.5 times the driving output vs standard speakers**.
- Further improvements to the speaker diaphragm deliver clearer sounds.

Coaxial two-way speakers

Standard door speaker vs Dynamic Sound Yamaha Premium door speaker

Strong magnetic circuit achieves a driving force 2.5 times stronger

Symmetric stroke image

Yamaha Ultimate\* speakers are covered in metal grilles with a unique Japanese design. The logo is designed in brass gold, drawing inspiration from Yamaha's legacy instruments.

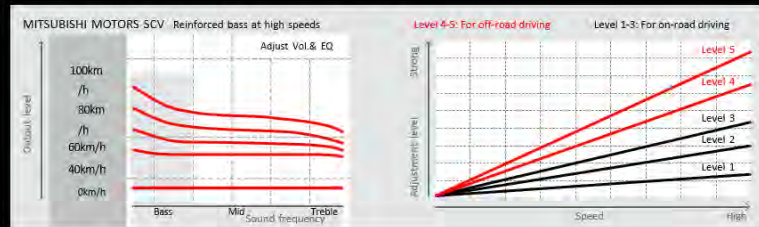

\*Featured on SE Tech Package and SEL Premium Package

- While many vehicles adjust volume based on speed, OUTLANDER corrects volume and EQ based on speed, wiper speed and HVAC fan speed.
- Levels are selected *manually*.
- Speed Compensated Volume standard on Premium and Ultimate. RCV and ACV standard on Ultimate.

#### SCV (Speed Compensated Volume)

- While speed-linked volume is common in other companies, few offer speed-linked equalizers.
- Importance of a vehicle speed-linked equalizer, particularly for enhancing bass sounds in noisy conditions.
- Depending on road conditions, which result in varying levels of road noise, users can choose from 5 SCV levels.
- Levels 4 and 5 are particularly effective when driving on rough roads.

#### Other Adjustment Features: RCV & ACV

- In addition to SCV, there is a correction function for sound quality and volume for sounds that are difficult to hear due to increased in-cabin noise during rainy conditions or when the air conditioner fan speed is raised.
- RCV (Rain Compensated Volume): Adjusts volume and equalizer (sound quality) in coordination with the wiper set to High.
- ACV (Air-conditioner Compensated Volume): Adjusts volume and equalizer (sound quality) in coordination with the air conditioner fan speed.

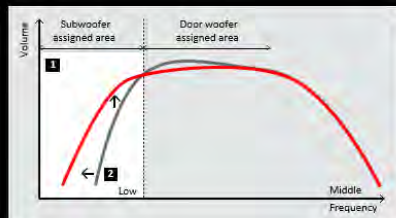

#### Functionality Notes:

- SCV, EQ, RCV, ACV are turned off when vehicles arrive from the factory
- Each level of the levels for ACV (0, 1, 2) RCV (0, 1, 2) and SCV (0 – 5) are levels of sensitivity to their respective feature (speed, wipers, or fan speed), there is no automatic adjustment between the different levels
  - \* The higher the level, the more reactive the feature is

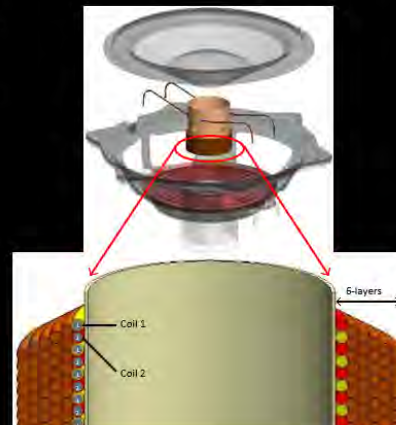

Utilizing a subwoofer specialized in achieving true low-frequency balance, this system delivers powerful sound down to the lowest audible range.

#### DVC (Dual Voice Coil) Subwoofer

- Unique to Yamaha Ultimate, the subwoofer uses two coils, each powered by separate channels. This enables input of double the normal power, delivering a powerful reproduction of low-frequency sounds.
- Boosting the windings from four to six layers improves performance and volume balance in the low-frequency range.

- 1 Optimized volume balance to emphasize authentic low frequencies
  - 2 Lower playable frequencies
- DVC with 6-layer winding DVC  
— without 6-layer winding

## Audio & Navigation

Standard on ALL trims, the 12.3-inch Smartphone-link Display Audio with Navigation ensures all passengers enjoy a comfortable drive with its diverse content offerings.

**12.3-Inch Smartphone-link Display Audio with Navigation**

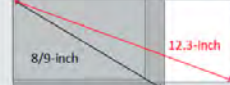

Note: SDA image is of another market specification.

**Key features**

1. Large display size
2. Wireless Apple CarPlay and Wireless Android Auto
3. Voice command with wake-up word
4. Google function

1. 12.3-inch large infotainment display
  - Larger screen than 8-inch/9-inch screen of 24MY OUTLANDER
  - High-resolution display "HD:1280x720" with touch panel
2. Introducing Wireless Apple CarPlay and Wireless Android Auto for easy device connectivity
 

3. Driver convenience is improved with the wake-up word "Hello Mitsubishi," allowing you to command tasks with just your voice.
 

By connecting to Google's server, the 12.3-inch Smartphone-link Display Audio supplies information around the destination.

**Places API**

**Street view**

**Places API**

**Satellite view**

Usual navigation functions will also be enhanced with online content.

**HD Traffic information**

**Fuel price information**

\*Blue mark shows fuel spots and prices in the area.

- Enhanced graphics design for a more appealing and luxurious experience.
- Customizable home widgets with smooth animation enable flexible information arrangement according to your preferences.
- Permanent launch bar on the left side of the screen for quick access to significant infotainment applications, ensuring a swift navigation experience.

## My Mitsubishi Connect - Services

<p><b>NEW</b></p> <p><b>Navigation to Final Destination</b></p> <p>Convenient feature that assists you in seamlessly transitioning from driving to walking when you reach your destination.</p>	<p><b>NEW</b></p> <p><b>Smart Route Planner</b></p> <p>Users can enter destinations in advance on the app, saving time with no need for manual input on the day of travel, and allowing for up to 10 reservations from destinations or calendar events.</p>	<p><b>NEW</b></p> <p><b>Destination Send-to-car</b></p> <p>Users can seamlessly transfer destinations from their smartphone app to the IVI, without the need for manual navigation system operation.</p>	<p><b>NEW</b></p> <p><b>Places API / Connect Search</b></p> <p>Users can enter text on the IVI navigation for local search, accessing Google's server for the latest map results, ensuring an always up-to-date experience.</p>

ASC/TCL (Intervention sensitivity)	██████████	██████████	██████████	██████████	██████████	██████████
EPS (Steering response)	██████████	██████████	██████████	██████████	██████████	██████████

## Suspension & Steering

The 2025 Outlander has enhanced tires, shock absorbers, and spring rate to improve ride comfort on all road surfaces.

- Springs: changed SPG rate balance to improve flatness and reduce pitch
- Shock Absorber: re-tuned shocks to reduce harshness and reduce pitching
- Stabilizer: reduces front stiffness for improved handling

<p><b>Improved Ride Quality</b></p> <p>Modification of Tire, Spring rate, Shock absorber</p> <p><b>Front seat shaking level at manhole</b></p> <p>25MY OUTLANDER: Less shock feel</p> <p>24MY OUTLANDER: [Higher shaking level]</p>	<p><b>Calm Ride Comfort</b></p> <p>Modification of Spring rate, Shock absorber</p> <p><b>Body pitching rate at undulated road</b></p> <p>25MY OUTLANDER: Less body pitching</p> <p>24MY OUTLANDER: [Higher pitching rate]</p>	<p><b>Improved Steering Feel</b></p> <p>Modification of EPS control</p> <p><b>Improved steering feel</b></p> <p>25MY OUTLANDER: Higher steering rigidity, higher firmness at low/high speed, less steering effort at parking</p> <p>24MY OUTLANDER: Lower steering rigidity, lower firmness at low/high speed, more steering effort at parking</p>
---	---	--

## Cabin Noise

Newly developed tires contribute to reduced noise levels and harsh vibrations, providing a more comfortable and high-quality ride.

- Road noise level is reduced on rough surfaces
- Sound deadening materials have been added in 18 different locations around the interior of the car including:
  - Door trim
  - Glove box
  - Air conditioning ducts
  - Floor panel
  - Thicker floor carpet
  - A&B pillar trim
  - 3rd row panel trim
